Bent of me
to a small girl
in my basket

My Father
my Mother
my Sister
my Brother

Dear Mr.
Best
Good

Dear Ruth

Best wishes and
 Good luck. I have enjoyed
 having you in English and
 I hope to have you in some
 next semester.
 Your friend
 Mary, Kar

nestled.
 your friend
 Mary J. Icar

Dear Ruth,
Best wishes to
a girl I ~~know~~ ^{love}
a short time for
I hope I see you
next year
Mollie

Best of Luck to a
classmate of the
best typing class
in the school.
your friend,
Eugene (Sunshine)
Prochaska

Lehecka
Ruthie:
It's been swell sitting
in back of you in Polish.
We still didn't get caught
passing notes to each other,
so that's okay. You're a
swell friend to me and
you're a nice kid. Be as
nice as you always are. Best
Wishes and loads of luck.
Virginia Otak
(Birdie)

E. S. Plough

Dear Ruth - etc.
 been. will flourish
 you in G.H. if hope is for
 will be in some of my
 chosen not to mention.
 for food & drink
 always - Ellen Wren -

Dear Ruth,
 Best of every thing to
 one of the sweetest girls I
 know. You're tops with
 me and you are undoubtedly
 with many others. May everything
 your little heart desires always
 be yours.

Wanda
 Jagodzinski

Dear Ruth,

The best of every-
 thing to a swell girl.

I have known since I
 was a little girl.

I hope our friendship
 never ends.

VOL. 29

IN OUR

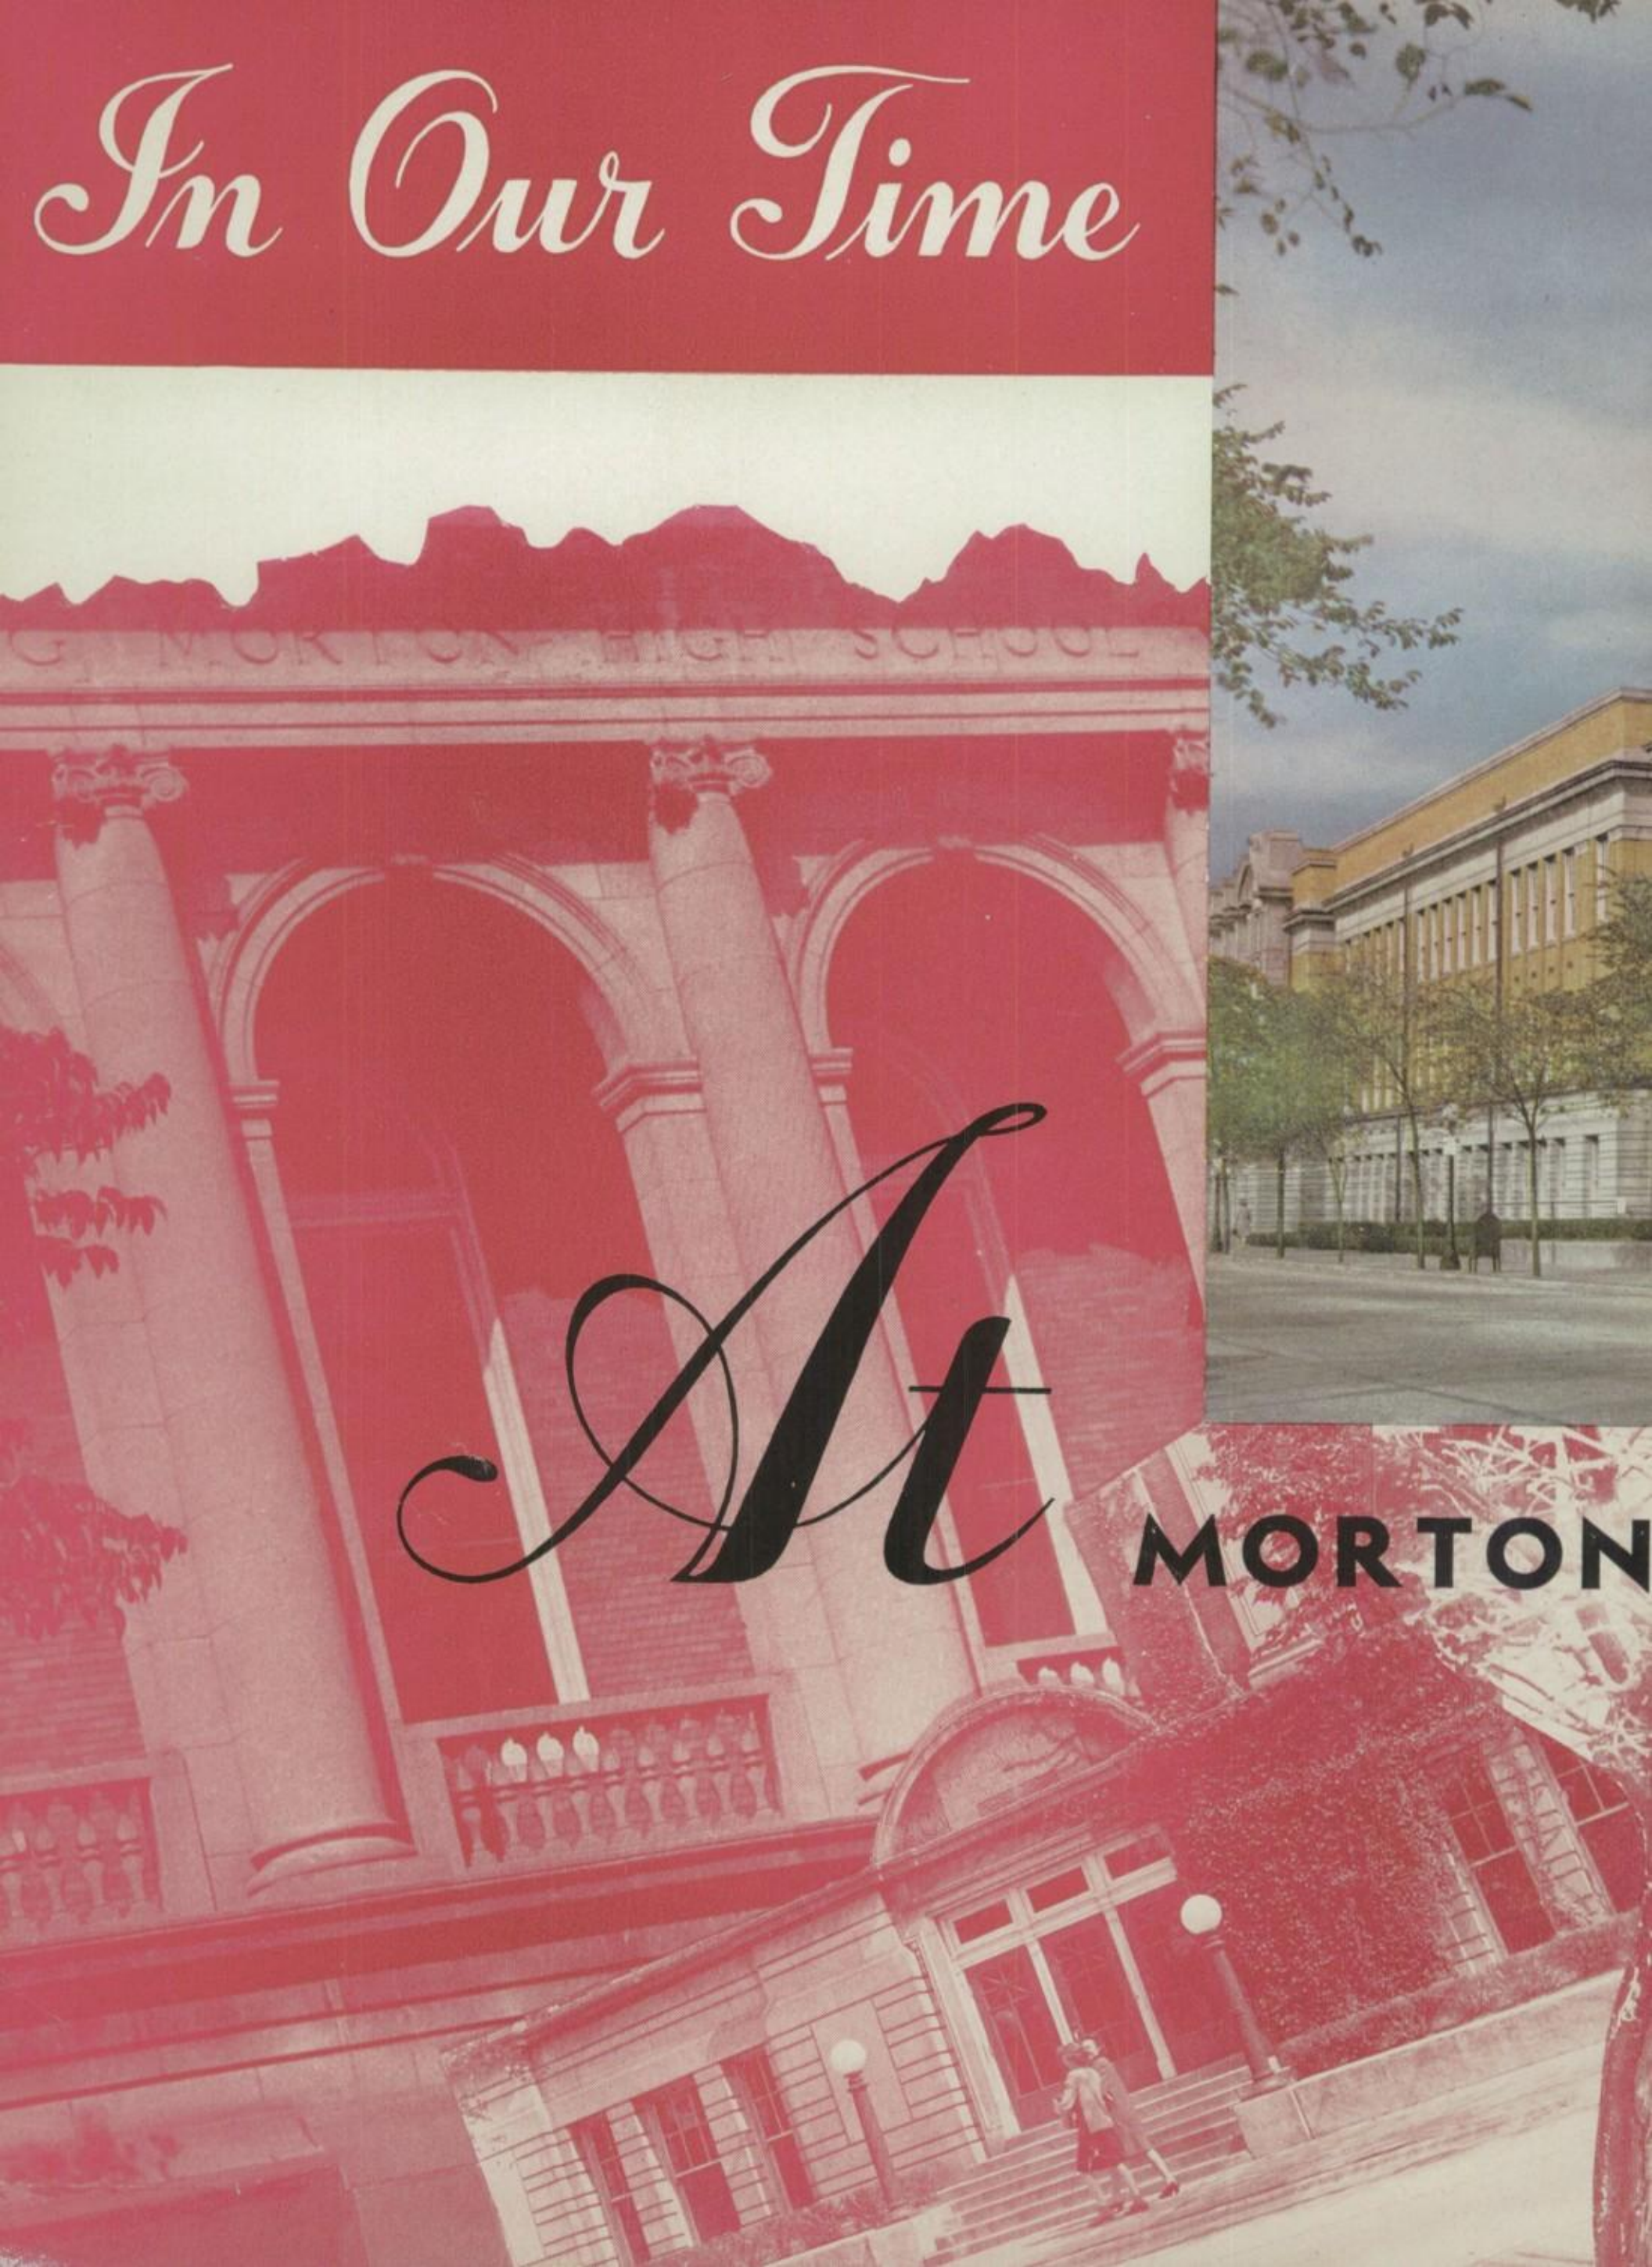

The end of another school year is here, but the events which occurred during that short year will always remain in the minds of those who participated in them. We look ahead to the future, but always keep the past in mind. We look back to relive those moments of work and play at Morton which happened "In Our Time."

Best of Luck
Gloria Trevi

In Our Time

M

MORTON

"Dear Ruth"
Kellow
Mickey

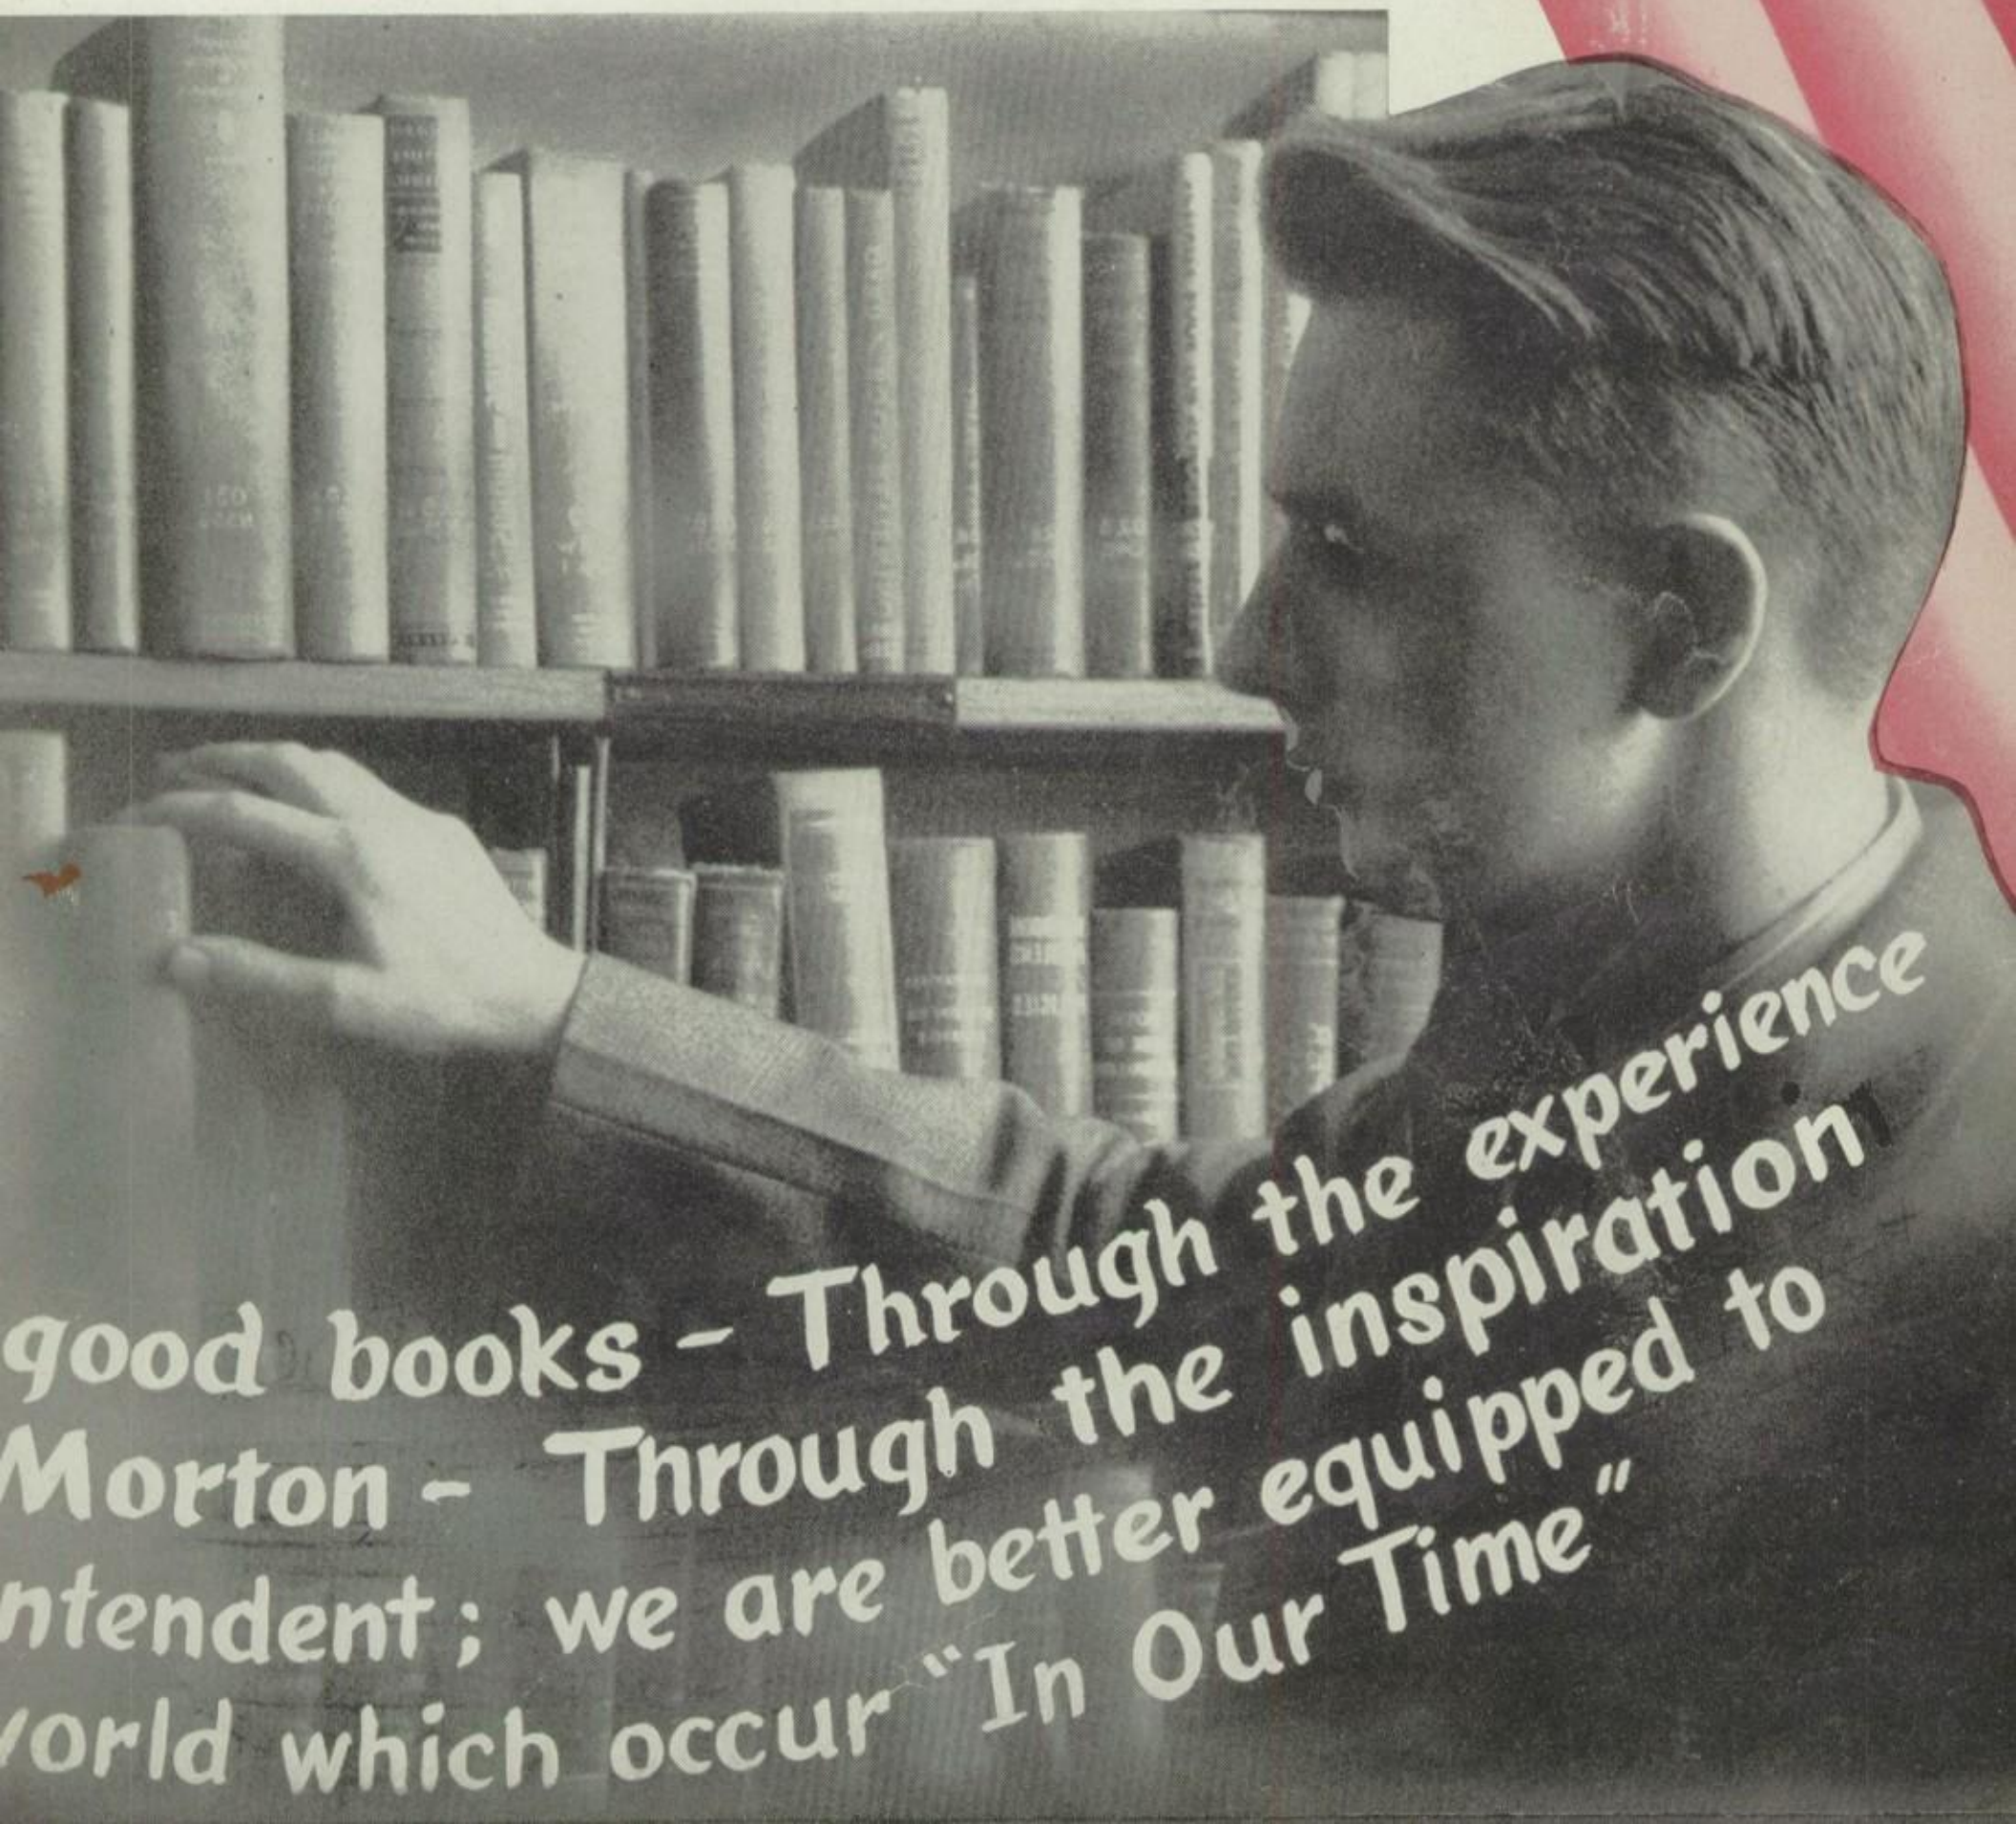

"I came; I saw; I conquered." These are the unforgettable words of Julius Caesar. These words will live as long as man does or rather as long as man has the inspiration to find out about things of which he knows nothing. They are not symbolic of a militarist as they seem to suggest, but they can be the motto of a person who wishes to conquer an unknown world such as in science. To be a conqueror of an unknown world, a motto is not enough to work with. A person seeks information and the first logical thing to do would be to ask somebody who did have the desired knowledge. From there a person goes to books. Time and time again books have been the foundation for solving many problems upon which

Dear Ruth,
it's been fun
having you ⁱⁿ class +
hope to see more of
you next year. Best
wishes, luck, success,
+ happiness
Nancy
Sharka

Through the knowledge we gained from
and friendly contacts we received at
and guidance of teachers and super
meet the challenges of our changing

man has come up against. For instance, the Holy Bible has solved some of men's spiritual difficulties; some people are completely satisfied with Plato's philosophical viewpoints which can be found in books for our benefit. Facts about physics, chemistry, mathematics, philosophy, and all sorts of literature are found in books. Upon gaining this knowledge, a person then sets out to start his conquest. So, we, as Morton students, prepare ourselves for our future which lies ahead. "In Our Time" we take these books into hand and then set out to help conquer the world, but always remembering that the world is not conquered with the iron band of tyranny.

• 8

Kath.

Round is round and has no end,
so let this be a symbol of our
friendship

Grace Browne
C.H.

A freshman and a senior—each symbolizing the beginning and the end of four years at Morton. The freshman looks forward to a future which only high school can bring, but the senior can only look back upon his high school days which happened "In Our Time."

Administration

W. P. MacLean

MR. MACLEAN

Today, as Mr. W. P. MacLean marks his sixth year as Superintendent, he has admirably filled the need for leadership here at Morton as so many students have discovered. His qualities of kindness, cheerfulness, and tolerance have endeared him to many. The success of student government is largely due to his encouragement and understanding.

MR. W. C. STONE

Who takes care of the finances at Morton? How many students know the name of the business manager? Enough of this suspense. He happens to be that cheerful, genial person, Mr. W. C. Stone. His office is next to the Superintendent's.

Board of Education

The best of
luck to the cute
little Secretary in
English - of course I
hope to see you next year, or
hope the feeling is mutual -

Do you know what elected group has overall control at Morton? Very few people do, but we should all know about the Morton Board of Education. Elected by the citizens of the community, it is headed by Mr. R. W. Hoffman, a local business man. Other members of the board are Mr. G. Petru, Mr. J. E. Meizek, Mr. E. W. Chodl and Mr. A. M. Janecek.

Remember Be Good
9th hr. P.D.R. - Every Knaps

MR. MOORE

Mr. A. R. Moore, Assistant Superintendent and head of the Natural Science Dept. is Mr. MacLean's most able assistant in carrying out his responsibilities. His activities are of a manner which are always for the benefit of the school and students. We find him a cheerful and helpful person.

The Deans

Miss E. M. Prutsman

*Best wishes
for always
lots of love, luck
and happiness
Miss Prutsman*

Mr. Johnson and Boys Deans' secretary,
Miss V. Fabbro

Miss M. H. Fisher

Mr. E. E. Johnson

Miss O. H. Bush

Mr. D. W. Burford

*Sincerely,
O. H. Bush*

Among the best known people at Morton are the girls' deans; Miss E. M. Prutsman, Miss M. H. Fisher, and Miss O. H. Bush. Besides being class room teachers, it is their job to enforce the rules and regulations here at Morton. Most students will admit that they have handled their extremely difficult work with understanding and kindness. Our girls' deans are also interested in club activities; Miss Prutsman is advisor of the Junior-Senior Girls' Club, Miss Fisher is advisor of the Club Committee, and Miss Bush is advisor of the Social Committee.

Equally well known here at Morton are the Messrs. Johnson and Burford, the boys' deans. Their duties are the same as the girls' deans except that they concern the rules and regulations affecting the boys at Morton. In addition, Mr. Johnson teaches English and Mr. Burford sociology. The boys' deans have shown great sympathy and understanding of student problems. Their handling of these problems has brought them the confidence of the entire student body.

In addition to the deans, the girls deans' secretary, Miss Anderle, and the boys deans' secretary, Miss Fabbro, render valuable assistance in the office.

have success in everything
you try. Adeline Jan*

Cafeteria-Maintenance

For the first time in Morton's history, the Federal Government has come to the aid of Morton's food program. The food subsidy program which the government backs, pays eleven cents for every lunch served, that is, eleven cents is reduced from the actual selling price. It is their objective to serve the students a well-balanced meal at the most reasonable rate. This program has increased the amount of lunches served daily and consequently, more students are eating nourishing meals. The cafeteria staff, under the supervision of Mr. Burster, has done a fine job in serving Morton students and faculty.

The Maintenance Staff, under the direction of Mr. Ben Smith, is responsible for Morton's dustless halls and classrooms, keeping our school sufficiently heated at all times, and many other little conveniences which make us so comfortable here at Morton. Long after the school day has ended the maintenance staff is tirelessly working to put Morton in shape for another school day. The staff is very friendly toward students and faculty in co-operating in feats to be accomplished, which is an admirable trait for any school.

Senior Cabinet

Tom Drabek
Past-President
Jan. 10, 1927 - Jan. 28, 1945

Although short, Tom's life was complete. His modesty, his patience, his friendliness, his loyalty all made him the lovable boy we all knew. His high-school life was filled with a wide variety of interests. In every field of endeavor he showed intelligent, capable leadership. Tom's life has enriched our lives and in doing so, his name remains forever fresh within our memories.

H.L.M.

Bill Sasek and Marianne Spal

Senior cabinet advisers: Mr. B. F. Scott, Miss L. G. Mikes, Miss V. B. Feres, and Miss M. H. Fisher.

Senior cabinet: Don Selby, Jim Griffes, Gene Boivin, Do Jecman, Bill Nelson, and Lorraine Jirik.

Yuletide Season

Best of luck and success

*Judrey Burian
(English)*

MORTONIA

In J.S.M. we have a school
A school for you and all
With Morton spirit back of us,
We'll do our best or fall.
With cheers and songs we'll rally 'round
With courage and with might,
Due to the flag we'll always hail
Dear old Maroon and White.

CHORUS

*Stand for the right and true
And all that's best for J.S.M.
Fight! Fight! for every game,
Morton's honor to defend.
(spoken) Rab! Rab! Rab!
Tiger! Sis! Boom! Ab!
And locomotives by the score.
For we'll fight with a vim
That is dead sure to win,
For old Morton.*

The Junior cabinet (middle left) consisting of: *seated*, Auda Armstrong, "Gig" Subert, Judy Fienbury and *standing*, Edible Wassel and Adele Turek have guided the class through a successful year climaxed by their annual prom.

Row 1

Theresa Abbeduto, Daniel Adams, Henry Adamson, Connie Albaugh, Eugene Aldridge, Yvonne Aldridge.

Row 2

James Alexander, Alberta Ambrozias, Allen H. Anderson, Gloria Anderson, John J. Anderson, Richard Anderson.

Row 3

Jack Andrews, Auda Armstrong, Shirley Mae Atwood, Doris Babka, Pearl Babka, Thomas Bachan.

Row 4

Emily Bachar, Virginia Backer, Yvonne Bada, Gianola Bagas, Gordon Baker, Frank Balaja.

Row 5

OUR ACTIVITIES

INDEPENDENT

SEPT. OCT. NOV.

Journalism, art, drama, speech, music, and a host of other activities bring to Morton students knowledge which will prove to be very profitable in their coming years as citizens.

Standing: David Wallin and Mr. Nelson.
Seated: Marianne Koskuba, Jerry Jelinek, and Lorraine Mueller.

MSGA

The MSGA had its beginning far back in 1933, and since that time it has been giving out with "blood, sweat, and tears," in an attempt to promote the well-being of our school.

All Morton students are members of the MSGA and each GA class elects representatives to an assembly body where all Mortonites are duly represented. These students have a big responsibility and are usually the leaders in their classes.

The three main branches of this government, fashioned after our National Government, are the executive, legislative, and judicial. The most important of these, the first, is the Board of Directors, comprised of 24 members. It is the nucleus around which all other organizations revolve and really "cooking with gas."

Dear Ruth
It was swell
knowing you for the
last ten years and I
hope our friendship will
never end. Best of love
to a swell kid.
As ever,
Philo (Rud)
(Rud)

The Executive Committee is composed of chairman, secretary, assistant secretary, and treasurer. It is a medium between the Board of Directors and the Assembly, and arranges meetings for these two groups.

The three faculty advisors, Miss Miller, Mr. Larimer, and Miss Bush, are always "in the groove," and at hand with helpful suggestions.

We students are indeed fortunate to have so democratic a form of government here in Morton, and under its influence we shall make the better citizens and leaders in the world of tomorrow.

*Best of luck to a
swell kid whom
I enjoyed having
in typing.
Eleanor Babile
we*

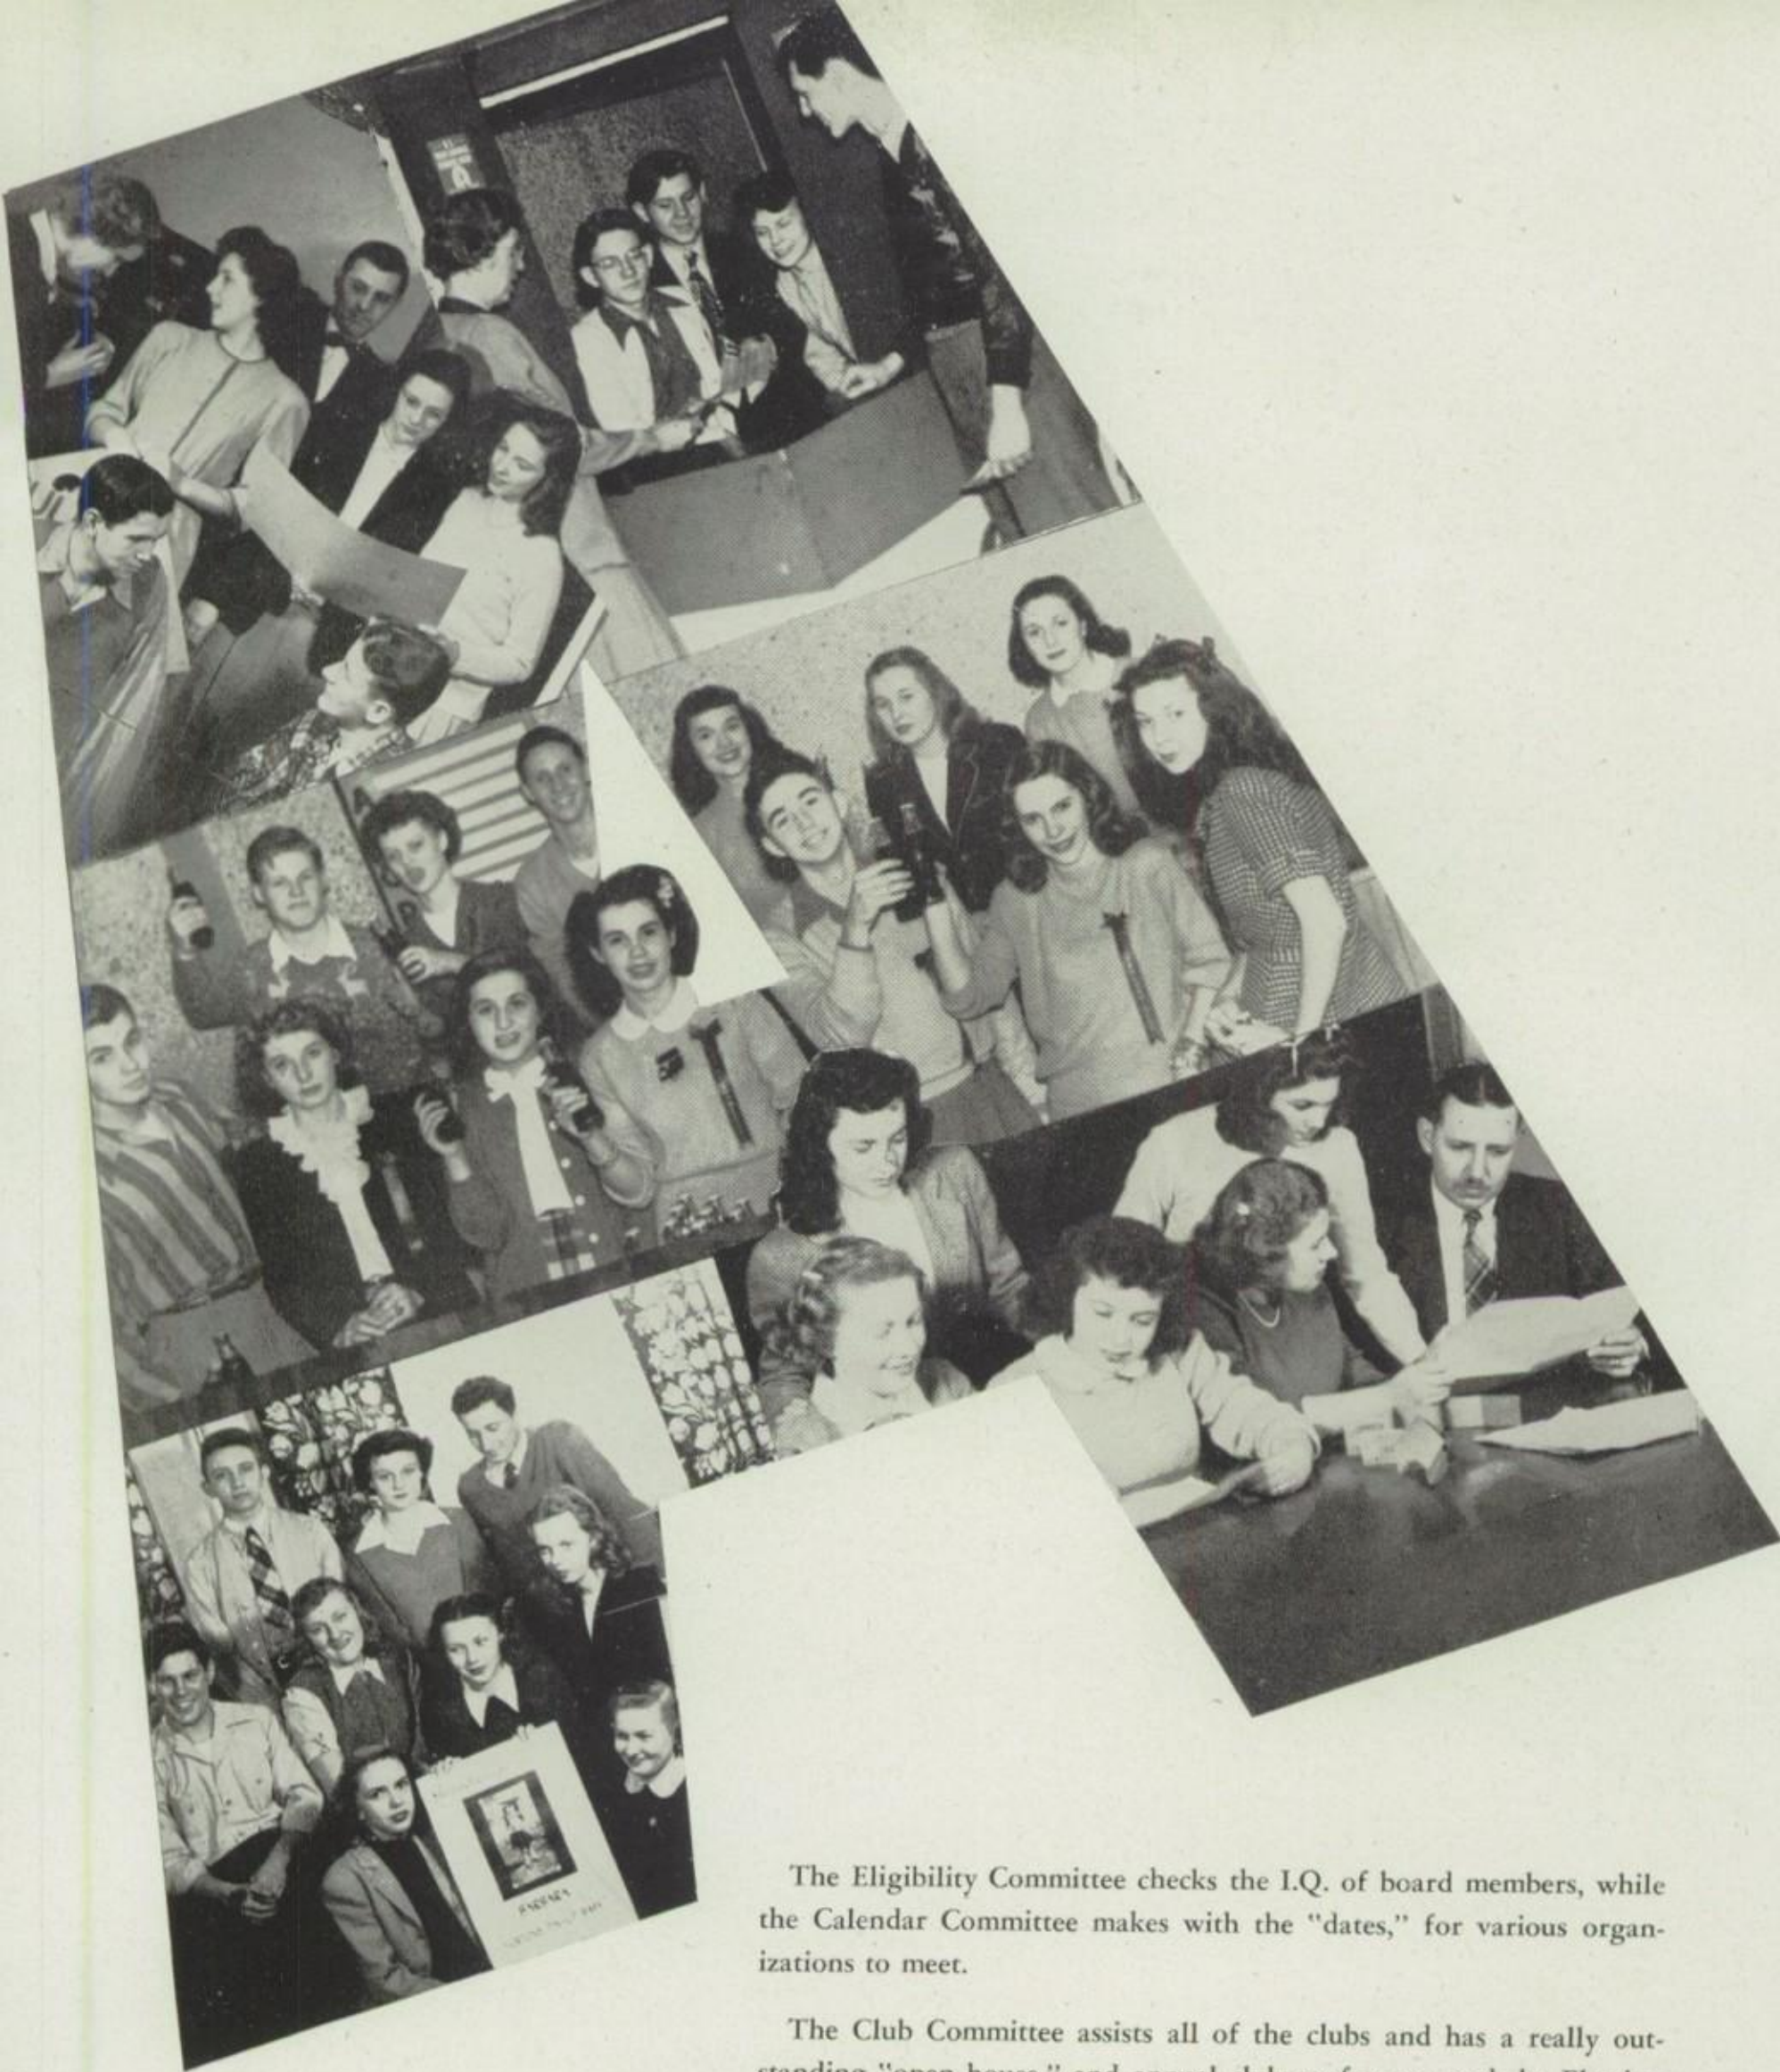

Committees

You ask, "Who's that gang of Solid Jacksons always so busy at work in Room 257?"

Well, here's the Social Committee; they stage those "super swing sessions." And the Publicity Committee states, "It pays to advertise." When the Assembly Committee hits the stage, there's usually something pretty terrific ahead. The Contact Committee takes care of the various MSGA meetings, and the Maintenance Committee keeps the office in trim. The University and College Committee offers information about colleges.

The Defense Council is doing a grand job in promoting War Bond sales, and the Welfare Committee this year, as last, staged a "Morton Pin-Up Baby Campaign." The Hall Committee keeps the halls clear of any of those "lounging lads and lassies," and the Booster Committee plans that annual homecoming.

The Eligibility Committee checks the I.Q. of board members, while the Calendar Committee makes with the "dates," for various organizations to meet.

The Club Committee assists all of the clubs and has a really outstanding "open house," and annual club conference, and the Election Committee makes out petitions with which it conducts very efficient campaigns.

From this short glimpse you can readily see that these students with such cooperation are really doing their best in helping to make Morton a better place for posterity.

The Court

"Swoon Goons" three

The verdict

Getting her man!

Hear ye! Hear ye! The Morton Court of Justice is going into session once more.

If a student violates a law, he usually prefers being taken before the court. No, they're not going to "send him down the river," or anything drastic like that, but you can be sure that he will receive a fair trial. The justices always weigh both sides of the case carefully, and the defendant, if found guilty, is given a theme to write or spends a number of periods in a study hall. The faculty advisors, Mr. Harnish and Mr. Scott, give some very valuable advice.

Right you are, there's an iron hand of law in Morton, too, so all you "malefactors," beware!

The Student Bank

Who could get this "mess" straight?

Prospective bankers

Flashing the "lettuce" around!

Saving up for your prom date? Listen, brother, hurry up and take those greenbacks down to the bank. Oh, and you'd like to buy a bond, too? Well, that's swell, because instead of waiting, you can get a bond at the same time you pay for it.

But I'll bet you're wondering who conducts this wonderful service. Well, it's really a special banking class under the direction of Mr. H. T. Sahlin. The students in the class learn the correct banking technique, and then apply it to their work, which gives them valuable experience for the future.

As you can see, the Student Bank is serving a very useful purpose here at Morton, and we know you'll agree that it's really "on the ball."

Mortonian Annual

There are many good reasons for having the Annual office located on the first floor, and the one that is most outstanding is the fact that the shops are near to drown out all noise! All the hub-bub down there is due to the Staff as they work fiendishly to get their sections in on time. The office is a human bee-hive of activity in itself.

Never a day passes without a staff member coming in without that bedraggled look. This is the result of the \$64 questions that are being popped by the anxious Jack or Jill who wants to know the color and contents of the year book. Then there are those characters that come in from time to time and want a regular annual. They hand us a piece of lettuce with a ten-spot on it and expect change that jingles. Of course, we mustn't forget those individuals who dash around trying to get a gander at their class pictures. Oh well, as any staff member would put it—It's all in a day's work. It says here at the bottom of the page.

Mr. Wickstrom explains to Bill Olsen, "Now, if you take it this way—"

Bob Gourley points out, "This is the way I see it."

The Annual Staff performs a bit of rough stuff.

Mortonian Weekly

*Good wishes to you
from Gaarder*

"Hi, Sally, did you get your Weekly today?"

"No, we started with the 'A's' in my G. A. class, so I'll get mine next time."

And so it goes from week to week. The Mortonian Weekly is hit hard with the paper shortage, like any other newspaper firm, and it is important that they cut down on all materials. Having the newspaper set up at a private company brings a problem about as far as deadlines are concerned. They in the office not only have to observe their own dates, but those of other companies as well.

But just because the "kids" in 249 are at this disadvantage, it doesn't mean that they're letting down on the job. No siree, not by a long shot. The "J" office is always jumping with activity, for that's the place where everyone's news, blues, jatter, and patter is hashed out before going to press.

Day in and day out these "Joe Pulitzers" can be seen tickling the typewriter keys or scratching out unnecessary copy.

Eleanor Houska and Joan Kovarik wrap "Something for the boys."

What is it, Kesl, Orbit, or Grapevine?

What's the joke, gang?

Papers are strewn on the floor in one corner, and in another is a group of the staff listening to Mr. Logan's interesting voodoo tales. At the other end of the room, Miss Gaarder's voice is heard above all the clatter, assigning the junior assistants to tasks that they might fulfill. Another thing which catches the eye is the comparatively new service bin. Each week the issues of the Mortonian Weekly are sent to our boys in the army, navy, and marines, and a good job is being done to keep up their morale. A lot of credit is due to the office for doing the splendid work of keeping Morton in touch with inside and outside activities.

Above Left: Literary geniuses in one of their lighter moments.

Above right: If Melvin says so, everything's Jake.

The photography "gang" makin' with the tricks

Staff Photographers

"Watch the camera. Now hold it while I count three. One, two, three"—click. Such a statement as this is an everyday occurrence for the fellows and gals in the photo studio, and taking and developing pictures keep them busy a great deal of the time. Photography is the hobby of these photo bugs, and Room 201a offers them a good chance to broaden their field. They have an excellent opportunity to expand and carry out their knowledge of this art, for the photo studio has all the modern conveniences of any photo clinic. Bulbs, film, developers and enlargers are only some of the equipment that is at the disposal of these students. Since both the Annual and Weekly pictures are taken by these future photogs, they are seen very often with their pride and joy, the camera. A "bit" of applause is due to these "kids" for the good work they are doing for both publication offices.

The war interferes a great deal of the time, making it hard for these vocational photographers. By clamping down on film, bulbs, and other materials, it brings many quizzical expressions to their faces and difficult problems to cope with. At any rate, these kids are coming through on top and mainly are "keeping 'em clicking."

Melvin Rutbruff, Teddy Holzinger, Bob Darcy, Lorraine Soucek, Ed Rann, Sophie Brodsky, and Bob Beran from the "Weekly" Office.

Can it be that Bill Olsen, Gloria Doll, and Bob Musil of the Annual Office are admiring Dolores Smith's Pepsodent smile?

Bob Musil and Teddy Hozinger catch up on the adventures of "Little Willie"

Quill and Scroll

Usually near the end of each semester, the members of either the Annual or Weekly have a sad case of the "heebee jeebies." This isn't due to the Saint Vitus Dance, but is the cause of anxious anticipation and knowing whether or not there might be a chance to be chosen for Quill and Scroll.

This organization is an international honor society for high school journalists, and if one is a second Ernie Pyle or close to it, they have a very good chance of being elected to membership. Then, of course, there is always a delightful initiation to look forward to. Washing the floor with a tooth brush or counting the pickets on the athletic field fence are some of the wonders which never cease. Then, too, the initiates have fun roller skating to school with a lunch packed for themselves and one for their sponsor. When all the hilarity is over a banquet is held where the initiates are presented with pins and taken into the order of the Quill and Scroll.

Drama

Morton Dramatics, under the direction of Miss R. Coggeshall, is one of the outstanding and interesting organizations. It makes no difference whether you are a freshman, sophomore, junior, or senior, there is a club for each year. Here are the views of the clubs.

Freshmen! Come one, come all, to the Freshmen Dramatics. They meet 5th hour on Monday in the Little Theater. Right now they are having pantomimes and monologues. By joining you can work for points for a Dramatics Insignia.

The officers for the Freshmen are Harry Lyngaas, president; Phyllis Hajek, vice-president; Eddie Macha, secretary; George Ratkovic, treasurer.

Drama

Say there, you solid Jackson, how about brushing up your dramatic ability? Junior Dramatics Club, also under the advisorship of Miss R. Coggeshall, has taken part in many activities this year.

As part of their club duties, the members sent a box to the County Hospital, and handled the publicity for the "Green Ghost" and the senior play, "Spring Green." Members also took part in the "Green Ghost," "Elmer," and the Christmas plays, while other members have worked at monologues and a presentation of "Julius Caesar."

The main effort of the Senior Dramatic Club is directed toward the Senior Play. This past year, though, the club, with the help of the other dramatic clubs, presented two Christmas plays for the PTO in the auditorium. The seniors had the leading parts in these two plays, "Rich Man, Poor Man," and "What Men Live By."

Contrary to what people think, senior play practices are always fun. The students must work hard, however, by memorizing their lines, and having the proper inflections, but in the meantime they are getting to know and appreciate each other. Certain things some of the members of the play do call for a lot of teasing. Grandpa is an invalid in a wheel chair, and he just never could seem to get in the right spot on the floor of the Little Theater, or the stage, where rehearsals are held. Nina doesn't know how to knit, so she is having a few hasty lessons before the play. Scootie has a hard time learning to run as a younger child would. Genevieve causes much laughter, too, for she should lisp like a baby-doll, and the cast roars every time she does so. Newton must act very dopey and worry about his earth-worms all the time. He is told he is doing good when he is his silliest and his dopiest. When rehearsals last long, or when there are Saturday morning practices, the person with the car is the most popular. All in all, the students are having good times during the four months in which they will practice. But they combine fun with much hard work, which is evident in the successful presentation of "Spring Green," by Florence Ryerson and Colin Clements, on May 18th. Miss Coggeshall is the director of the Senior Play.

They solicit the membership of everyone who wishes to derive the benefits offered by this club. Boys are especially in demand. If you feel you lack dramatic ability we assure you that there are many other activities in this club that will prove very beneficial and entertaining. You have much to gain and nothing to lose.

Why so serious?
You're on!

Getting ready for the big moment

Radio Guild

There's a dead silence, then the signal is given, "You're on the Air!" With no further delay we hear the Radio Guild broadcasting one of its present programs. With Miss C. Callahan's high sign from the background, the weekly program sails straight from Monday through Friday with Morton Clubs, High School Chatter, consisting of school news and interviews; dramatic productions, and "Knowing Our Neighbors."

Writing and producing scripts, announcing programs, making like a gust of wind or better known as sound effects, and acting are some of the daily routines of the Radio Guild.

To make their work more realistic, the meeting place of the Radio Guild has been made into two rooms looking very much like a regular radio studio. The radio room equipment consists of two turntables, loud speaker, amplifier, and two mikes.

The present officers are: President, LeRoy Begor; vice-president, Dorothy Dudacek; secretary, Corrine Melkus, and treasurer, Richard Harley.

you're right

Reading Club

Geographical knowledge

It looks as if the Reading Club isn't affected by the food shortage

Meeting every Tuesday afternoon during the school year, the Reading Club, with its small but active and enthusiastic membership, enjoys many good times together. For one thing, they love to eat; consequently their most literary programs are apt to have a culinary overtone.

Informal discussions of books, both new and old; the occasional presentation of an assembly or a radio program, theatre parties, and an annual June picnic provide interest and entertainment throughout the year.

An outstanding experience for 1945 was Paul Robeson in Othello. The play was read aloud beforehand to make the theatre portrayal more readily understood and appreciated.

The officers are: President, Mary Birkhoff; vice-president and also program chairman, Michael Rotchford; secretary and treasurer, Elaine Gasparotto.

Speech Club

Have you got the correct "emphasis" on the right "silable?" Have no fear. The Speech Club, with the able supervision of their adviser, Miss F. C. Berry, is for students who are interested in being active in the speech field. Kinds of speech work depend upon current members.

Among their activities, the speech club is presenting radio plays, programs for the Lions Club of Cicero, the Kiwanis Club of Berwyn and choral speaking. This enables them to overcome any nervousness before an audience and in expressing themselves clearly and accurately.

In aiding the war effort, they are giving a helping hand to Morton's refugee baby, Barbara, by packing a box of useful articles.

Chatter and laughter can be heard coming from room 254 during the 9th hour on Wednesday of each week.

You're on your own.

It must have been a funny one.

Well, this is the way it is.

Frosh and "Young Authors."

Junior and Senior "Word Creators."

Morton Writers Club

Do you have a sharp pencil and know how to put a few ideas together? The Morton Writers Club, under the direction of Mrs. Z. T. Templeton, will soon have you writing line after line of ingenious and interesting reading material, such as scripts and other matter for various contests. If you have some talent in this field, or would like to gain some, join this club.

This year the club sponsored a literary contest of three classifications; poetry, essays, and short stories. As an extra addition, prizes were given for the best letter excerpts from men or women in service.

The members of the Morton Writers also entered radio contests, such as, Dr. I. Q. and Information Please.

Last year, as it was this year, the club entered the Doctor Christian contest.

One of the most promising achievements the club sponsors, is the publication of Morton's semi-annual magazine, "Trail Flights." Each member is always on the lookout for material which would be most interesting to its readers. The short stories, poems, and essays are chosen from the English classes.

Thespians

"Act well your part; there all the honor lies"; a great motto for The National Thespian Dramatics Honor Society, under the direction of Miss H. G. Todd, at Morton.

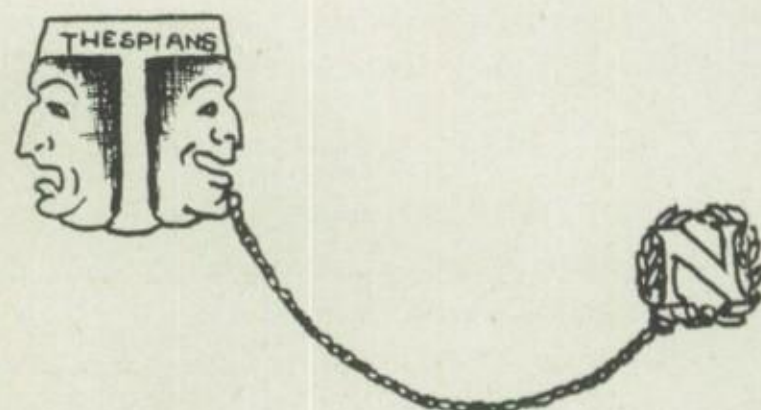

This year, three have received the honor of becoming Thespians, Marian Koskuba, Donald Riesen, and Josephine Rund.

In order to become a member of this honor society, certain qualifications are required. Must be a member of the Radio Guild, having written radio scripts, acted in radio plays, and produced programs, or be interested in dramatics, depending upon the number of plays participated in, number of minor and major parts, or having been a stage technician.

The Thespians being a non-secret and non-social honor society, had its beginning at Morton in 1935. Throughout the United States there are about 600 Thespian troupes, ours being Troupe 309.

Each year those students who have worked hard and deserve the honor of becoming a member are picked for the best Thespians. When they are installed the Thespian pin is awarded.

It is the highest honor that can be received, in this type of work. Students talented or interested either in the field of radio or dramatics have a chance to become a Thespian.

Music

Symphony Orchestra

Again the Morton Orchestra has put forth another splendid year in music education and entertainment by the performance of three concerts. At present this organization is recognized nationally as the top high school orchestra.

The credit for its many fine achievements goes to the man who has given many years of continuous effort to reach this gratifying goal, Mr. Louis M. Blaha. It has been his foresight and musical imagination that has maintained Morton musically out in front.

In the three concerts presented by the Orchestra this past year, many fine accomplished soloists have been featured. The last concert was an all-American presentation which was definitely a proud achievement. To put forth such fine programs many hours must be spent in determined practice. During the week the string players practice the fifth and sixth periods. Each member is given sectional and private instruction once a week where the difficult musical problems are keenly worked out. The whole organization is assembled together on Wednesday evenings at which time balance is given to the various concert compositions.

Recordings have been made at the concerts with inspiring results. However, in the future, recordings will be made before the concert so that weak points can be exposed and then corrected before the final performance.

The professional sectional teachers, a large library of musical masterpieces, and the necessary equipment for a large balanced instrumentation make the Morton Orchestra what it is today and always will be.

Concert

The Concert Band is another Morton organization holding top honors in the nation. Morton is one of three schools in the country having the same man directing two musical organizations holding the title of National Champions. This is truly something to be proud of.

This year a new system has been installed in the Band and Orchestra,

giving each member a military rank. Each person, however, is tested as to his ability before promotion takes place. Many reasons have prompted the initiation of this system. The important problem of discipline will definitely be overcome; the various ranks will stimulate competition, which makes better musicians. Leadership will also be encouraged, and respect for those

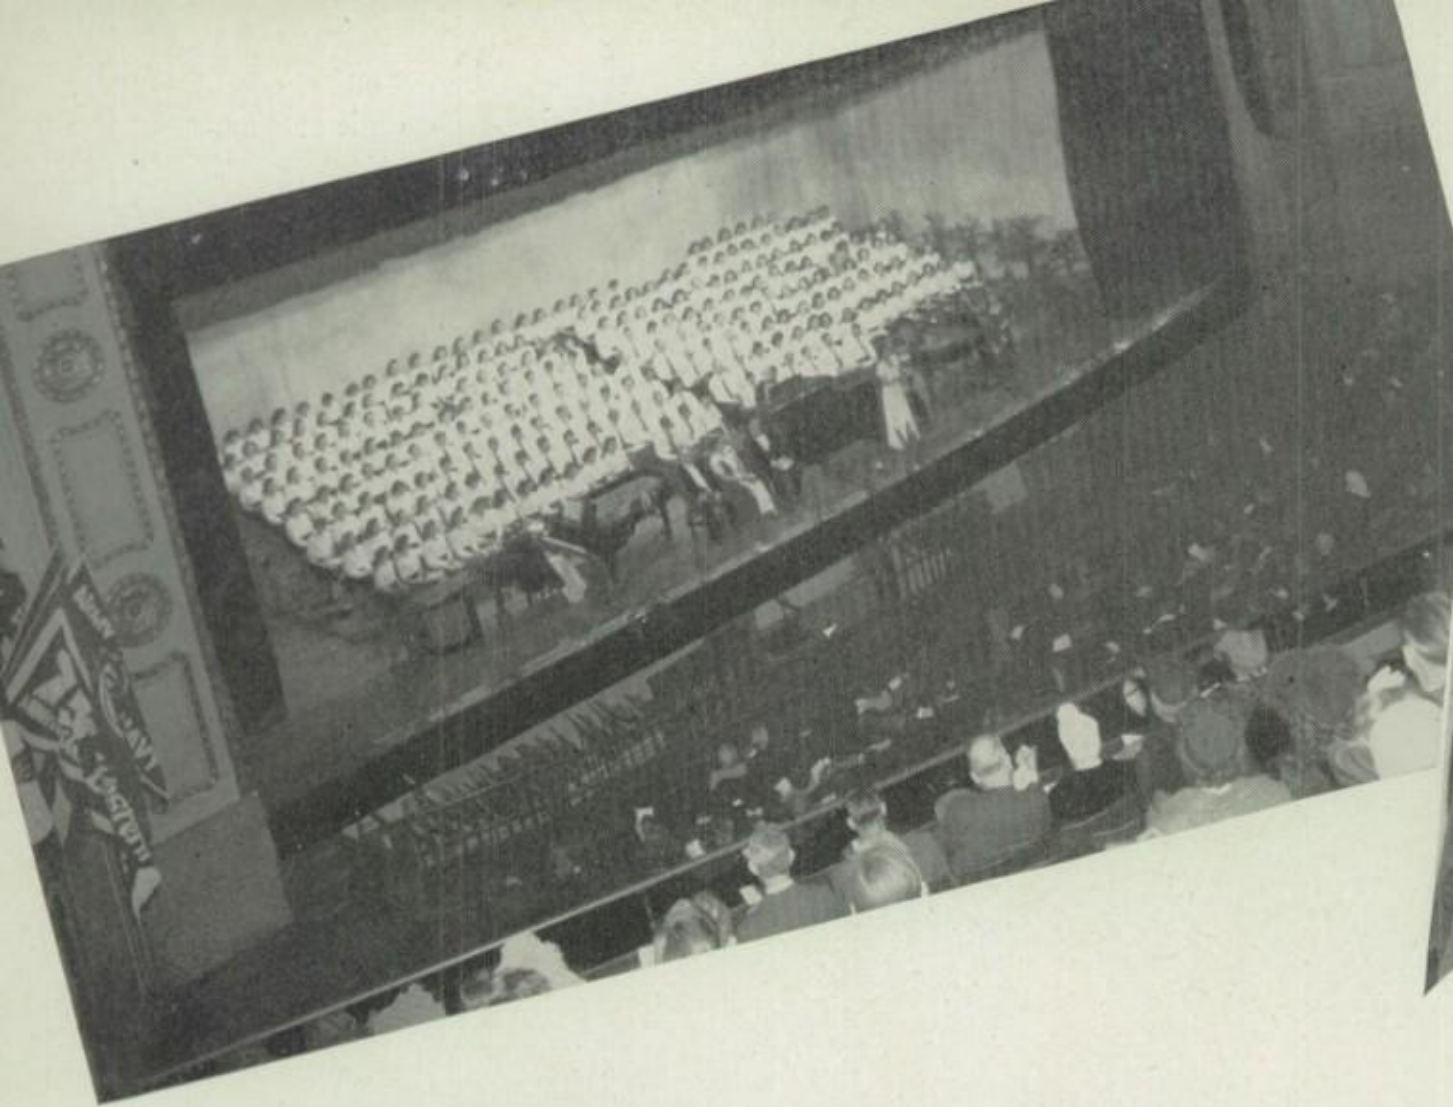

Band

of more superior rank will greatly aid in improving to greater heights two fine organizations. Of course, before the results of this idea can be seen, a few years of practical application must pass, but a bright future is looked to with great anticipation.

The band has presented two concerts this past school year and has made various other public appearances.

It should be noticed that the pictures of this section were chosen to express the vastness of this keenly organized department where the equipment and facilities are difficult to surpass anywhere. As you look upon these pictures, regard your Music Department with great pride and admiration.

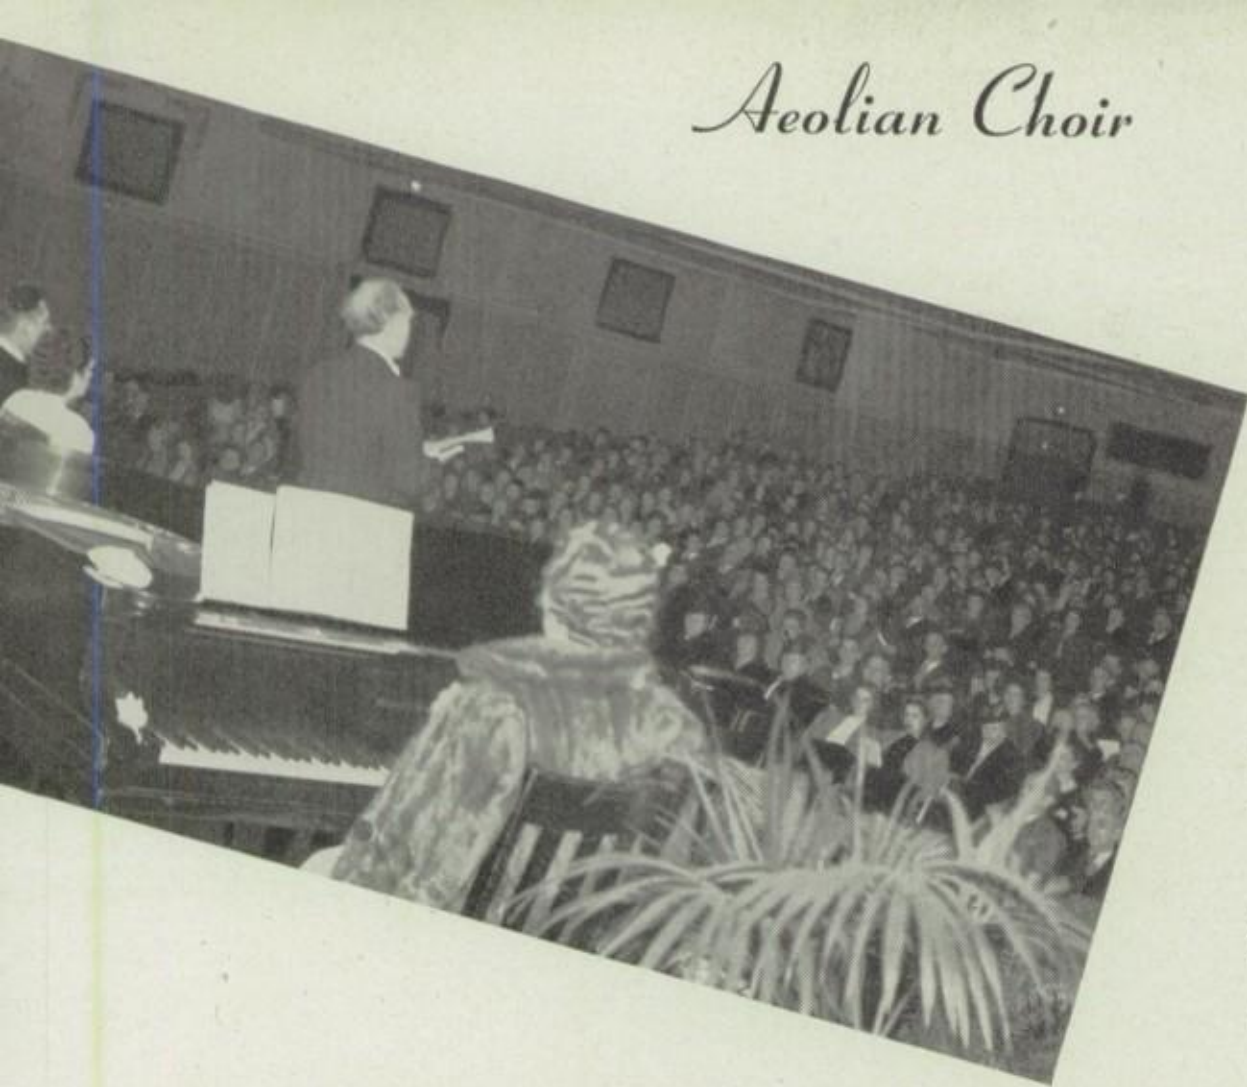

Aeolian Choir

Aeolian Choir

Another organization definitely considered outstanding is the Aeolian Choir under the amiable leadership of Mr. C. H. Kickert.

This year the finest program yet staged by the choral groups was the performance of Handel's "Messiah." The grandness of this beautiful oratorio was typical of Morton spirit and ability.

Through Mr. Kickert's conscientious efforts this organization is rapidly securing good results.

Various banquets and other school affairs are made more successful by the renditions of Morton's fine singers. Each year we can expect to see more and continually better programs put on by the choir.

Dance Band

The Morton Dance Band is definitely showing rapid improvement in the appearances that they have made this past year. The group is comprised of students from the Orchestra and Concert Band, numbering sixteen players.

Dance music is very difficult and requires continual practice, so that it can be presented in the style you love to hear and dance to.

The Band is steadily winning the students' favor, and their appearance at the afternoon socials is looked to with great enthusiasm.

Not only does Mr. Blaha direct the Symphony Orchestra and Concert Band, but he also conducts the Dance Band. The success of our many school socials can certainly be attributed to his fine leadership and coaching ability.

Musicology

Ruth - 41
you in
class
fun. I
next

ear
Having
my
was a lot of
hope I see you again
fall your friend
Marian Straka

Music Theory, Harmony, History of Music, and Music Appreciation are offered as a background to practical application in music.

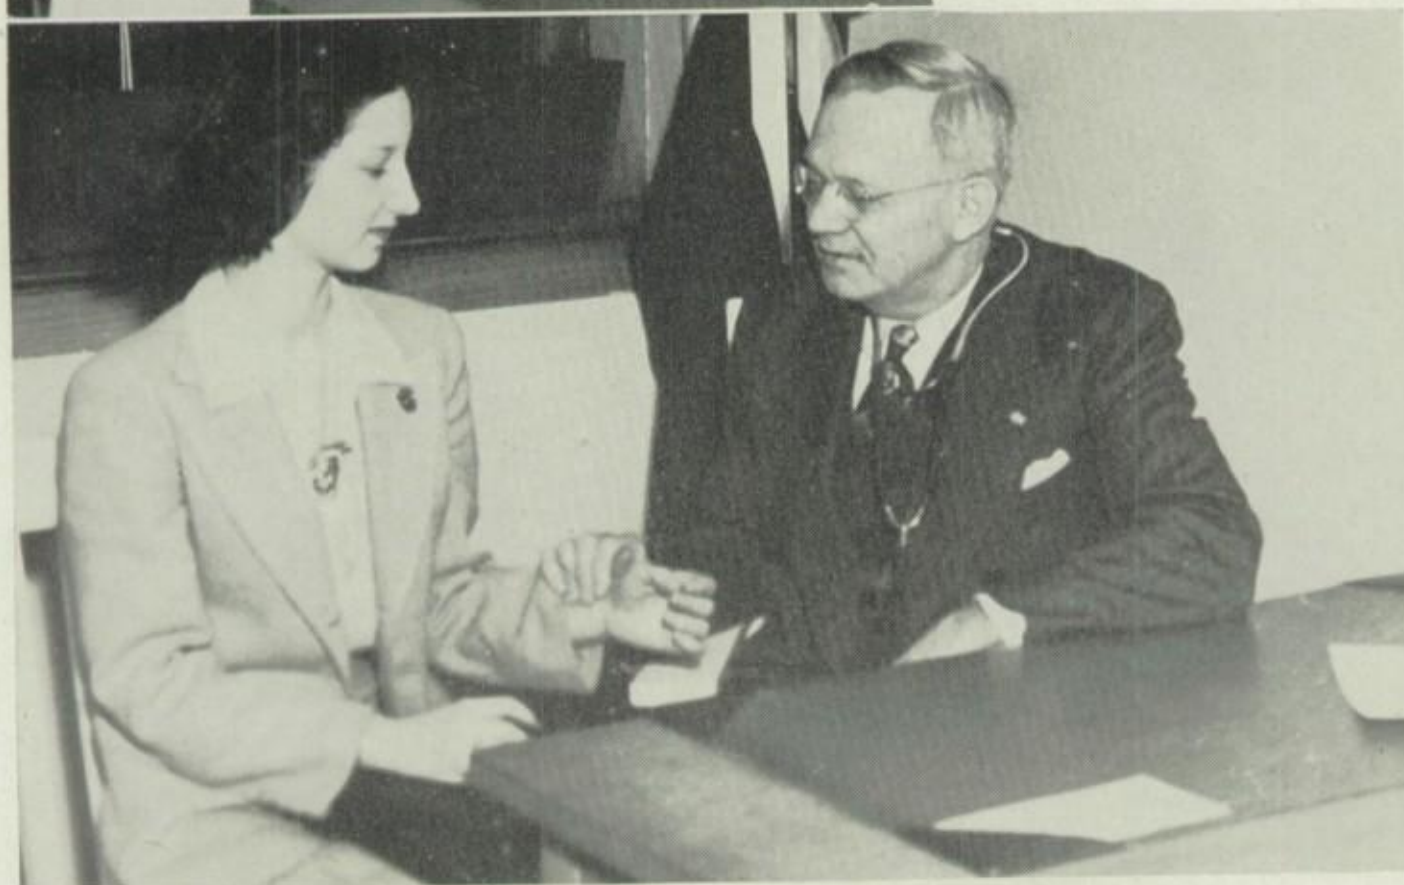

Scales, signatures, intervals, musical terms, and signs are studied in the Theory class; chords and their use in the Harmony class; and in Music History a background is given of the lives and works of the great masters. From the immense record cabinets comes music that offers experience in intelligent listening, so as to better understand the world's great masterpieces, that is the Music Appreciation class.

Mr. C. H. Haberman is the instructor in all of these theoretical studies.

Medical Dept.

"Nurse, come over here and hold my hand," might be heard coming through the door of our medical department. After seeing Morton's two capable, experienced, and hard working nurses, Miss E. Churan and Miss C. Schicker, anyone will understand. Their help and care of the students has brought much recognition to them. Most important, their alertness has lessened disease and tragedy, and broadened safety to our school's health.

Dependable supervisor of the medical department, Doctor H. J. Smejkal, suburban physician and surgeon, has been tops with Morton. His energy, time, and work with his staff, together have made our department one of the best. Annual event of the department, physical checkups of each Mortonite, has for many years been one of the biggest jobs.

Watch your fingers!

Talkin' things over

Working overtime?

Where're you going? Red Cross meeting?

Aren't they cute?—the dresses

Junior Red Cross

As important and needed more than ever before, Morton's American Junior Red Cross is going full speed ahead. Under the supervision of Mr. E. S. Dungan, with the cooperation of the students and teachers, the Junior Red Cross has had marvelous production.

Much of the best work of the Junior Red Cross has been done in various classes. Sewing classes have encouraged their students to make children's dresses for the Red Cross world-wide relief work. Many of the girls contributed accessories and trimmings for these dresses, even the goods itself. Each year a total of one hundred or more fine dresses are thus contributed. Tooled leather photograph cases, made in the art classes, have become one of Morton's traditional gifts through the Junior Red Cross to give to men in service.

The Junior Red Cross War Fund and Membership campaign are one during the war. To this, Morton students give five hundred dollars or more each year. A delegate in each G. A. group collects the contributions and keeps a list under supervision of the counselor of all the contributions and the givers.

The material used in the classes working for the Junior Red Cross are paid from their treasury.

Dear Ruth,
 Wishing one of the
 nicest girls in Morton
 all the luck & happiness
 in the world. I hope I
 have you in some
 next semester!
 Lorraine
 Husik

Advanced Creative

The Advanced Creative Dance Club has its own purpose—it is primarily to develop interest in creative dancing and to bring together all the girls interested in creative. But their purpose goes much farther than that. These happy gals also learn more about it. And they are gaining social experience which will aid them in future life because social activities and parties have their place in almost every club's program.

They learn how to make up more advanced dances and techniques which strengthen their muscles and acquire graceful movements.

The Creative Dance Club participated in the P.T.O. show, gym demonstration, and the Illinois State Physical Education Association demonstration that was held here at Morton in which each girl gave her own composition.

All the girls qualify for a Morton "M" which is earned by taking part in required activities. They held a luncheon for the presentation of the "M's" in April.

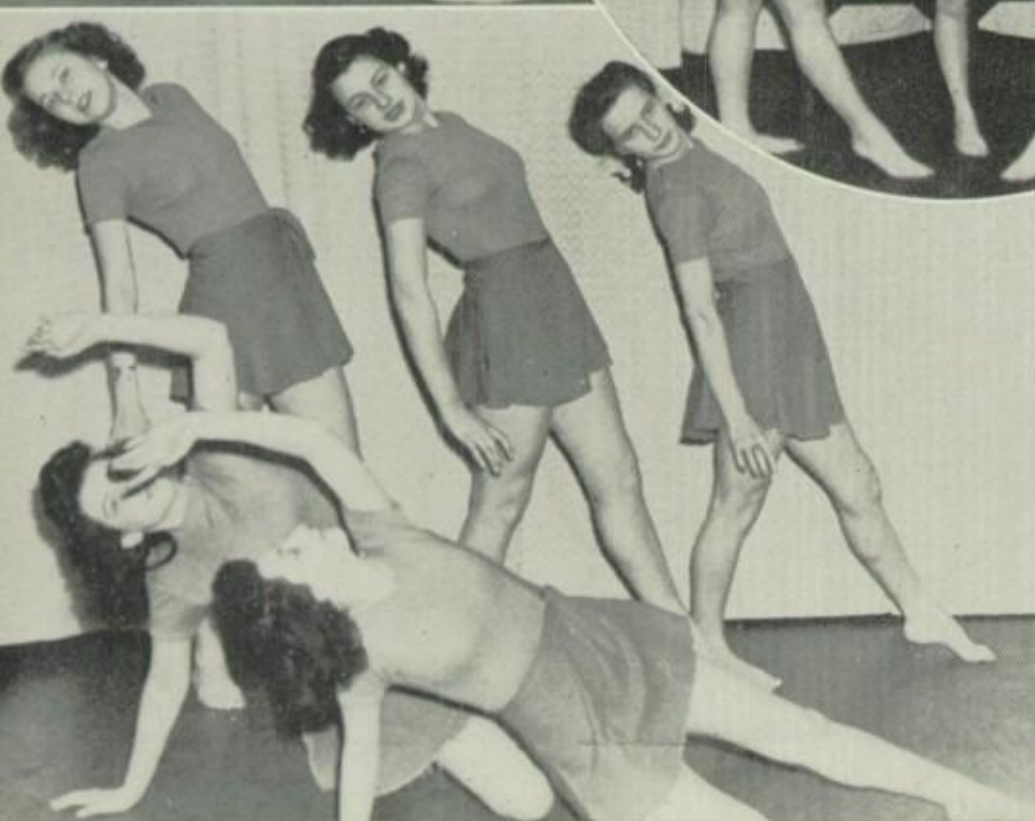

"Ah! Poise"

"London Bridge is falling down"

"Those graceful gals"

"Grecian Goddesses"

Czech Club

Above are the able members of the Czech Club

With all your jokes about good "Bohemians" and bad "Bohemians," the Czech Club is still one of the largest clubs in the school. In addition, it is one of the most active. This year they sponsored the second annual "Favorite Teachers' Tea" in the superintendent's office. They were on the air in the school's program, "Morton Presents." They decorated the Christmas tree in the cafeteria with dolls representing many nations and planned an exhibit of articles made in Czechoslovakia.

The members really have loads of fun reading books, singing Czech songs, and learning many new Czech dances. They also go to the Praga Divodla, a Czech cinema theater, which provides a sharp time for all. Through the fine advisorship of Miss E. Jahelka, the members not only find enjoyment in their club's activities but also become acquainted with the manners and customs of "Old Bohemia."

For their social life they have had fun in many activities such as hayrides and roller skating parties. By combining education with pleasure, the Czech Club has shown Morton what a club can do.

Swim Club

Amidst the splashing, cheering, and general muffled groans that are audible from the pool each Wednesday night, we find a group of students diligently practicing and perfecting their strokes, dives, and other water stunts.

Their main objective is to develop synchronized swimming to music, of which they are doing a super job. They learn also single, double, triple, or quadruple formations.

Under the able supervision of Mrs. J. C. Eppley, the club has an annual water ballet wherein the members display their year's accomplishments. Other activities include the "splash party" and their banquet, which is enjoyed by everyone.

Their talent is natural, but it really takes great patience and frequent practicing to reach their goal.

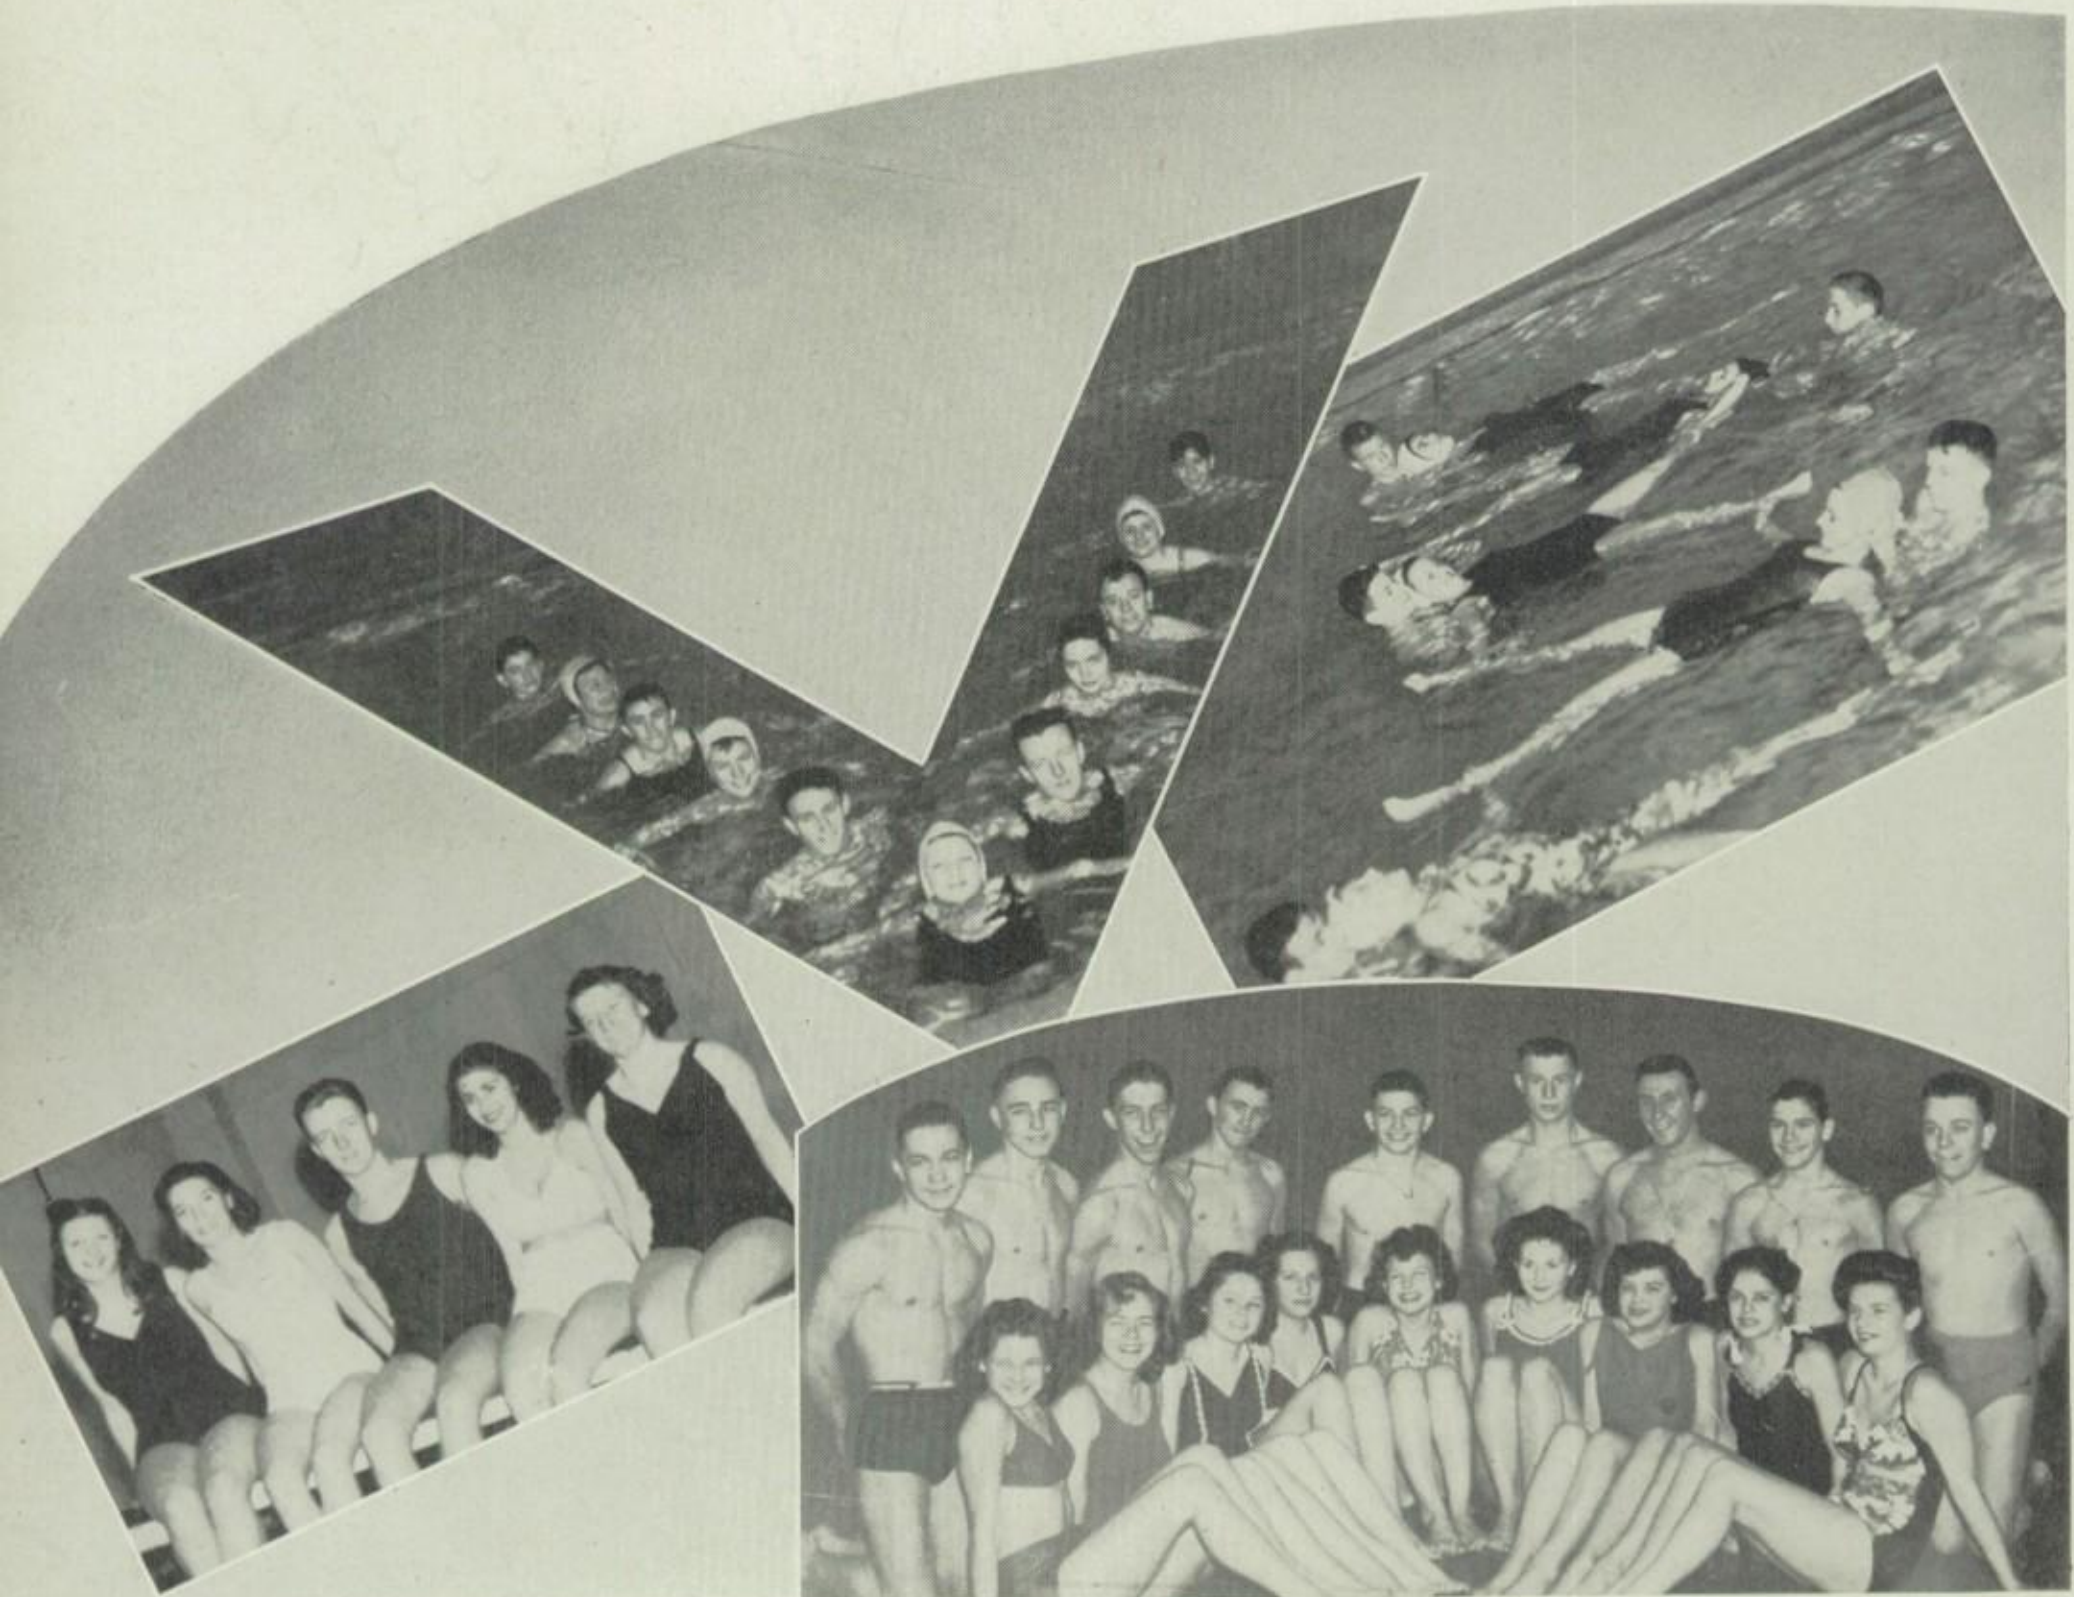

The officers for the past year were Vera Folta, president; Don Selby, vice-president; Lorraine Probst, secretary, and Sharmanie Kalajian, treasurer.

"V for Vendocce"

"Blooming talent"

"And they swim, too"

"Water lovers"

Almega

This club is really on the beam and donates all of their time strictly to school service. Without a shadow of a doubt it's the Almega Club.

For one whole week you couldn't see the members for cellophane because they are slaving away making ribbons for ribbon week. They also made gifts and sent scrap-books to the children's hospitals. The girls received points for every service they did throughout the year, with Miss B. J. Vrba directing them along very carefully. These little girls really deserve all the credit and loads more.

"Don't fence me in"

"The congregation"

"Willing hands"

"Beaus?"

Spanish Club

Durante el ano pasade El Circulo Espanol—oh, excuse me. I still have that Spanish lingo running through my mind from interviewing Mrs. F. W. Harmel.

During the past year the Spanish Club has done everything from eating tortillas to seeing Mexico's "Clark Gable" on the screen. By this we mean their visits to Spanish restaurants and Mexican movie houses. Their highlights of the year include the annual Christmas party, followed by their colorful spring festival. These events conclude a year which is both interesting and educational.

Saddle Club

"I'm telling you, she's the best looking one in the crowd. You never saw such a figure, and those legs, ahhh!" "Who's that?" "Geronimo, the new horse at Greentree Stables, of course."

Horses, horses, and more horses, that's all you can hear from the members of the Morton Saddle Club. Every Friday afternoon, this fine-looking group of equestrians, decked out in jeans, breeches, boots, and jackets can be seen riding at the Greentree Stables.

If the weather is bad, the members enjoy racing around the indoor arena almost as well. Also, some of the more experienced riders are taught hurdle jumping.

On school holidays they have a heap of good fun on either a morning ride or a half day ride. Once a year they have a hayride, which everyone looks forward to with great enthusiasm.

The Saddle Club is happy to welcome back Mr. L. C. E. Prucha as their adviser, after an absence of almost two years, during which he served in the United States Army.

*"Don't fence me in."
Giddap, Nellie, please.*

*Looking over the books.
Which way do we go from here?*

Boat Builders

No longer a newcomer to Morton, the Boat Club had its second birthday last January. In two years they have done wonders to build up a shop and equip it.

The principle activity of the club, strangely enough, is building boats. Said craft range from tiny models to the real things. The larger projects are built only for the members of the club. If a member actually wants a boat of his own, he has only to buy the materials and the club will build it for him. Under the direction of Mr. W. J. Silhan they have successfully completed many such projects.

*When do we lay the keel, boys?
Don't forget to fill in the holes.*

*You got room for one more?
That's one way of getting a flat head.*

Tumbling

The Girls' Tumbling Club is one club that requires skill and muscles much more than any other girls' club. This club is under the direction of Miss A. C. Rigali, who helps the girls out a great deal.

Tumbling is really a super-deluxe club and very popular with the girls here at Morton. This club helps keep the girls physically fit, which is very vital in our time.

The girls worked very diligently planning a very successful act to entertain the crowd at the famous P. T. O. show.

Tumbling Club

You've seen them at assemblies; your parents have seen them at P. T. O. shows; thousands of people have seen them perform. They are undoubtedly the most well-known club in Morton. This is Morton's Gym-Tumbling Club, one of Morton's few class-club combinations.

Under Coach O. J. Kudrnovsky, beginners learn all the deep, dark secrets of perfecting rolls and back flips. Here experienced tumblers practice and continually attempt newer and more difficult stunts than those they have already mastered. They do more than their share to pass on the things experience has taught them to the new and inexperienced members.

They have given dozens of exhibitions this past year. They have performed before the Cicero-Berwyn Kiwanis Club, the Red Cross, the P. T. O., student assemblies, and social clubs too numerous to mention. They have held exhibitions for grade schools to promote interest in the sport.

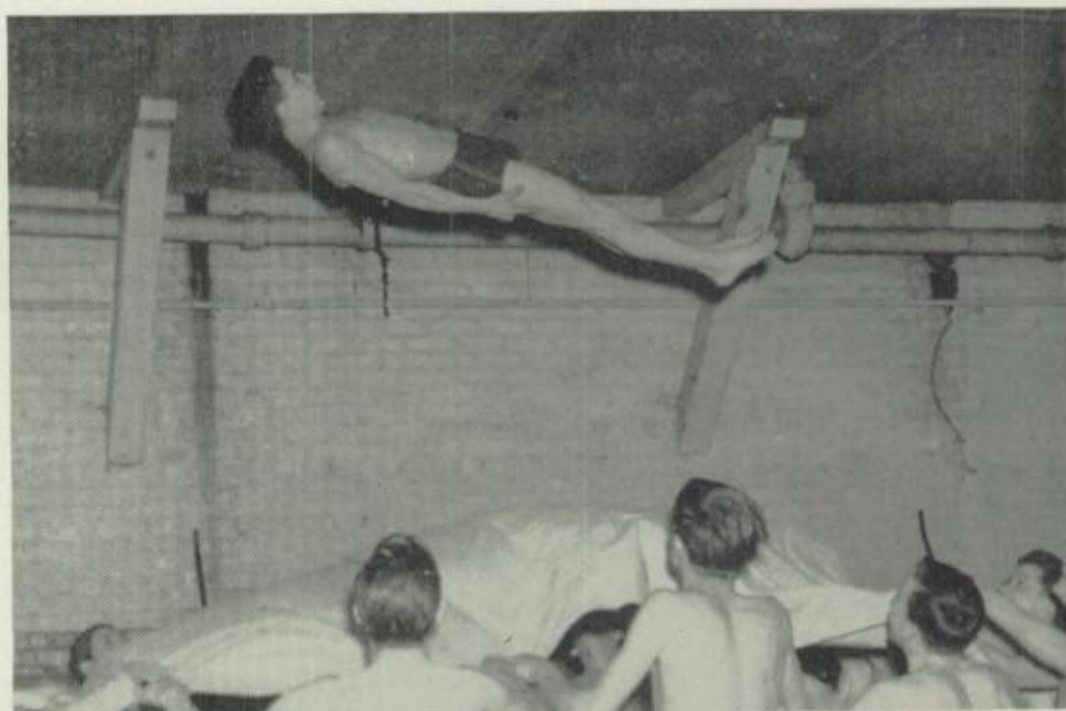

The most capable tumblers in the club are brought together to form the varsity team. It is they who enter competition when it is available and who put on the exhibits that have made them famous.

Right: How's the atmosphere up there?

Lower left: Gettin' down is easy.

Center: A little more arch, please.

Lower right: Has anybody got a match?

Radio Club

Here's an old but newly organized club that's really raring to go. Starting from scratch at the beginning of the year, it can now boast of a room full of members and loads of good times.

Activities are of a wide variety, ranging from weekly radio testing instruction by its advisor, Mr. G. H. Lyle, or the building and repair of sets, to code practice.

Anyone interested in radio should get in the groove and follow the gang down to the Morton Radio Club. Hep! Hep!

"Slaving away?"

"As I was saying—"

"The Lads"

"Now this is how it's done—"

Future Craftsmen

From Morton's many vocational shops a few boys who can meet the stiff requirements are permitted to join Morton's Future Craftsmen. Now, more than ever before, the world needs skilled craftsmen. These boys are among the best in Morton.

They guide themselves by respecting the property of others, following instructions carefully, and developing habits of responsibility and pride in the life-work of members. Their social life is highlighted by their special night meetings, which come complete with ping-pong and swimming.

Upper left: The gang.

Lower left: How about another round?

Upper right: Don't forget the deposit.

Lower right: Introducing the officers and adviser.

Booster Club

This club is really in the groove and right there on the beam when it comes to any kind of "pep" activity. "What club?" your inquisitive mind may wonder. The answer to this question is the Booster Club, an organization which is doing a "bang-up" job of keeping up Morton's morale. The Boosters again this year carried out that successful "Plowboy Prom." The activity that is looked forward to by these effervescent Mortonites is the annual Sports Banquet, which is held every spring.

The main objective of these "go-getters" is to sell candy to the loyal students who come to see their teams play a real game portraying sportsmanship, and to serve the players sandwiches, milk, and fruit in the teachers' "caf" after home games. Their weekly meetings are kept interesting by planning dances, assemblies, and serving refreshments. Besides all the services the Booster Club donates to the school, it can always be counted on to give out with the rah rah's for the team at all the games.

The club's morale is sustained by Mr. J. Kohout, its able adviser, and that super-rated gal, its president, Joan Kunou.

*Everybody's here but Cupid.
Attention, Ladies!*

*"Did you hear about—"
Brother, can you spare a shirt?*

Junior-Senior Girl's Club

To get right down to brass tacks, the Junior-Senior Girls' Club has gumption to get things done. To "illustrate my last remark," I'll enumerate the club's various activities.

They were really kept busy crocheting squares that were sewn together for the afghan that was presented for the Morton room of the McNeal Memorial Hospital. At Eastertide they gave a tea, for which the admission was the purchase of Easter seals. The club really gave its all out when they planned their annual Mother and Daughter banquet, which really was a super deluxe affair. After contributing all this to school service these gals also stuffed animals and contributed their helpful aid to the used clothes campaign.

The two aims of this service organization is to be of service and to promote leadership. Officers of this club cannot be officers of any other club, and they must have an average of 85 or more. The officers are changed every semester to give each girl a chance.

Cheer Leader's Club

This snappy group of girls is one of the most popular girls' clubs in good old J. Sterling Morton. Yes, that's right! It's the Cheer Leader's Club. They number twenty strong, and their cheers are heard throughout the halls every afternoon G.A.

They are a lucky group because they are under the clever guidance of the popular Mrs. E. I. (Ma) Murren, and they have that personality gal, Marcie Carlson, for their captain. Along with Marcie on the first string cheering squad full of vim, vigor, and vitality are Rickie Homalka, June Bastlin, and Elsie Pohejda. Though all twenty of these solid senders cannot be active at the same time, they do a super job of cheering with all their might on the side line, and really get in the groove with the old and the new cheers.

This tricky club will celebrate its second anniversary in October, and they are a familiar sight at all games leading the cooperative crowd on with mighty cheers and handclaps. Our cheer leaders really deserve "Orchids" for their super deluxe job.

"Ready, let's go!"

Getting ready for a "Yea Team"

The three "BG's"

"With an M!"

Chess and Checker Club

"It's your move!" "No, it's your move!" These verbal tones are echoed and re-echoed throughout the halls of Morton, when the meeting of the Chess and Checker Club takes place.

Under the able guidance of Mr. C. L. Prazek, the respective members or the "so-called geniuses," are working toward becoming experts at both chess and checkers. Although it is a serious business, and the games take much concentration, a great deal of fun is derived from these entertaining pastimes by the conscientious players.

"Dig down deep"

"Now what could it be?"

Camera Club

Click! Click! Then a mad dash to the dark room to see the startling results. This is an introduction to the Camera Club, which strives for perfection in every angle of photography.

These members are really a "snap-happy" bunch of photographers, learning different developing techniques. The photos of the Camera Club were actually taken by their own flashy members.

Their advisor, Mr. C. L. Prazek, has definitely aided these "Flash Bugs" to become enthused and brim full of individualism in their work.

"Showing 'em how"

"Kibitzing?"

The Cinder Boys.

And some more Cinder Boys.

Track Club

"Gangway, gals, here comes a track man!" With the speed of light in a cloud of dust and a hearty, "How'm I doin', Coach?" a sudden breeze passes you by. Man, that isn't a freshman on his way to the fifth floor, that's just the track club taking it once lightly around the "caf."

This club for men only is one of Morton's pride and joys. It has one of the best assemblies of the year when you see the boys run a couple of relay races around the stage or go through the obstacle course.

They hold meetings once a week which are like skull practices to a football team. Here, together with Coach O. J. Kudrnovsky, they talk about meets, past, present, and yet to come, and about each other, their faults and strong points and individual styles.

Track is a sport for runners, but it doesn't stop there. Besides the six forms of races, they also have pole vaulting, shot put, high jumping, broad jumping, and discus throwing. In order to keep an eye on new material for the team and club, they have been sponsoring meets between grammar schools and encouraging them to "try out" when they reach high school.

Chemistry Club

H^2SO^4 BOOM!!! If you see someone floating through the halls, don't be alarmed, it's just that one of the members of the Chemistry Club discovered that H^2 and SO^4 don't mix.

This group is really cookin' on the Bunsen burners, working in the laboratory during their club meetings.

They get oodles of experience in the practical side of chemistry, and they help the school by testing the food in our cafeteria. This club is under the attentive advisorship of Mr. W. L. Muehl.

Upper left: If Einstein can do it, so can we.

Lower left: Home brew.

Upper right: The end of an almost perfect game.

Lower right: Nice form, eh?

Bowling Club

Gobble, Gobble, Gobble, well, what do you know, Shirley just got a "turkey" and boy, is everyone excited! Well, you would be, too, if you knew what it meant. Although it may sound "Greek" to you, the Bowling Club surely knows what it means.

This club has not been organized as long as some, but it really has proven itself as a top rate one. Its very energetic members have helped it to climb to this goal. The club members bowl every Saturday afternoon with their advisor, Mr. P. R. Pavlinek.

Senior Council

What are you looking at, fellas?

Lower left and center: The Father-Son Banquet in full swing.

Lower right: The officers allowing a member of the fairer sex through.

"Tickets, please!" "Use the end door!" "You can't get in because the flag is being raised!" Do these quotations sound familiar? When you attend the assemblies and happen to be late once in a while, there is no doubt that you have heard them. They happen to be some of the favorite phrases used by the Morton Senior Council boys when they are ushering. Ushering at the assemblies is one of the Council's biggest jobs throughout the year, but don't think that this is all. For instance, when the boys are asked to serve tables at the Mother-Daughter banquet, there is not a lot of discussion as to whether enough fellows can be there, they come without any hesitation. If you want any information about how to serve tables, they are the boys to see.

Of course, there is the other side of this banquet situation. The Morton Council sponsors one of the biggest banquets that the school has during the year. This is the annual Father-Son banquet which fills the "caf" almost to capacity. This year John P. Carmichael, sports editor of the Chicago Daily News, was the main speaker and whose talk brought many laughs.

Mr. Meeker's boys sure have a record to be proud of.

Upper left: Girls!

Lower left: More girls!

Upper right: And still more girls!

Lower right: What a place for a wolf, eh?

Beginners Creative

The Beginners Creative Dance Club really has loads of opportunities to offer girls who have genuine interest in dancing. To begin with, they learn how to walk, sit, and stand with grace and poise.

This group started out under the advisorship of Mrs. B. L. Silver, but in the second semester Miss A. J. Novotny took over and kept things rolling along.

The girls are taught to work out their own dance compositions and work on many dance techniques. These girls took part in the P.T.O. show by giving both a Mexican and Spanish dance, in the gym demonstration, and also at the Illinois State Physical Education Association demonstration.

The girls worked diligently all year and had loads of fun attending the Russian Ballet, which was really enjoyed by everyone.

These snappy girls meet the fifth hour every day and their very capable leader was that great gal, Evelyn Vachout.

After these girls have shown that they have achieved their goal they are later put in Advanced Creative.

"Aw, come on and smile, fellows!"
 "Looks like rain!"

"Holding Morton up?"
 "Let's all pay attention"

Junior Council

The Morton Junior Council is really a club that gives its all for school service. This club is made up of both Freshman and Sophomore boys and its year is jammed to the brim with school activities.

Their main job is to help the Senior Council in planning the annual Father and Son Banquet, and also waiting on tables at their night meetings. The aim of this club is to promote good sportsmanship and teamwork, and is carried out under the able supervision of that very understanding Mr. G. M. Larimer.

Weather Club

Fifteen degrees north latitude—120 degrees east longitude. Now, that approximately is Corregidor! This could be heard at any of the Weather Club meetings, of which Mr. A. R. Moore is advisor.

This club is especially prominent in school activities now during wartime, and the members don't discuss the weather because there is nothing else to talk about. Besides recording daily temperatures during the past year, their other main activity was the publication of a magazine called the "Weather Vane."

Circulation Staff

When you see a fellow walk into your G.A. class, show your adviser a card, and then proceed to read the weekly bulletin to you, you can be reasonably sure he's a member of the Circulation Staff. This is their job, to see that everyone finds out everything about anything that's going to happen around Morton.

They are divided into two crews. In the morning "Pop" Green's G.A. class claims the title, and in the afternoon, Mr. P. R. Kasik's advisees spread the joy. As of this year they have found an additional method of carrying the news. The staff members are now the official newsboys for the Mortonian Weekly. All this and more, too. Every now and then they join forces with the ticket office and sell tickets to the events they talk about on their routes.

Give them all due credit and a little more, too. If you think it is easy to enter a girls' G.A. class, gaze into thirty sets of staring, feminine eyes, and talk, try it sometime fellows.

*The Mob.
More of the Mob.
Still more of the Mob.
Now it's getting interesting.*

Operators' Club

Here are the fellows everyone is glad to see, the members of the Morton Operators' Club. They are the ones who bring those welcome diversions from classroom studies every so often and treat the students to a movie or two.

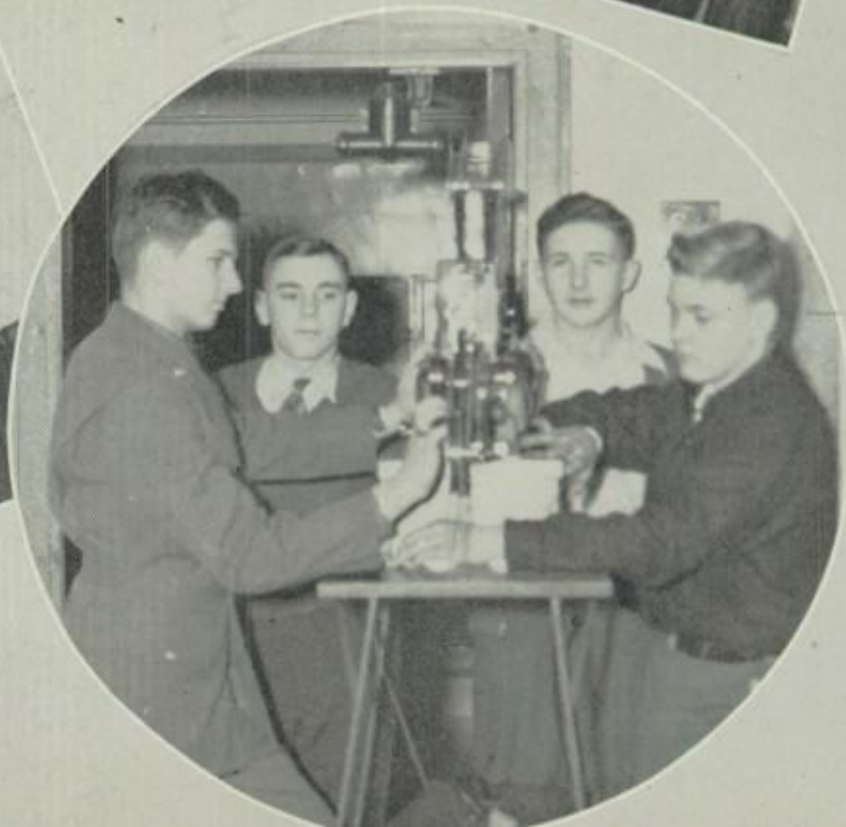

They should be rated as more than just a club, for they have a definite and regular duty to perform. A great deal of money is spent by the school for films, projectors, and other equipment, and it is up to these boys to see that these films are used advantageously, that the right classes see them, and that the projectors and other costly accessories are handled and cared for in the proper manner. The members are carefully trained to do this and more. They must know how to run the projectors and sound attachments, how to change reels and splice broken film, and they must be able to do a speedy "on the spot" repair job when something goes wrong.

No club would be a club unless they had some fun, too. In their library of films, the fellows have everything from Mickey Mouse to Laurel and Hardy. It is sponsored by Mr. B. Mikula.

*This is the way it works, boys.
Who's that one in the center?*

*Mr. Mikula shooting the works.
The Army way.*

"It's the G. I. jive"

"Waltz Me Around Again, Willy"

"This is so-o-o-o sudden"

"The Eggs-ecutives"

"Standing this one out"

Swing and Sway Club

Did you ever feel that you had to jive and still you wondered how? It shouldn't happen to a Mortonite. No, and it doesn't need to any more. Gaze at these pictures awhile. You're looking at the newest thing in Morton, just one year old and simply the solidest sort of society ever organized in old J. S. M. It's strictly for dancing and reserved only for those guys and gals who just have to make with the feet whenever the music gets hot.

But let me not be misunderstood. You don't have to know how; this club teaches you dancing and provides a terrific time with the teaching. As often as possible, they have an instructor who will teach any step the members want to learn, but, even more effective, the members teach themselves.

They use the jukebox for their two period jam sessions in the Caf. every Wednesday. With all due credit to Mr. J. P. Shand, the club's advisor, the club has gotten off to a terrific start and is well on its way to the top.

OUR SPORTS

MORTON 19

Varsity Football

The strong guiding hand of Coach "Buck" Wright brought the Mustangs one of their most successful seasons in many years. The varsity pigskinners proved one of the toughest teams in the league. Although being outweighed considerably in every contest, the speed, spirit, and cooperation of the team was hard to beat.

The gridders started the season out on the right foot as they trounced Argo 26-0. Fine defensive play was shown by "Buck" Vavricka, spirited backfield man who was injured while practicing. Touchdowns by Votava, Harbutte, and Nadherny went towards the score. It was Harbutte who made a spectacular 50 yard return of an intercepted pass for our 3rd score. "Moose" Hodan, tackle, made the conversions along with Nadherny.

In a very hard fought battle the Mustangs came out on top over Bloom 13-12. Early in the second quarter Bloom's Palenca went over for the first score. Morton came back with a beautiful pass from Ferd Nadherny to Harry Holdych in the end zone. Again Bloom went into the lead. The Mustangs soon countered with a pass from Roffi to Votava then a lateral to Nadherny who went over. "Moose" Hodan then kicked the extra point.

The Riverside-Brookfield game found Nadherny missing and versatile Joe Votava in his fullback post. The team then went on to swamp R. B. 21-7 under a perfect aerial attack. It was in this game that Hodan made 3 conversions. Ray Roffi scored all three touchdowns.

The Evanston game found Morton turning the tables in the last 3 minutes of the game. Being 6 points behind Joe Votava spearheaded a drive by chucking 3 successful passes, the final one being snared by Nadherny in the end zone for the touchdown.

New Trier romped over the fighting Mustangs 34-12. Early in the first quarter they capitalized on a Morton fumble for their first score. The Terriers soon made two more tallies. With 6 minutes left to play, the Mustangs regained their punch and scored a touchdown. A sleeper from Ray Roffi to Ferd Nadherny accounted for the first. Again it was a Roffi pass which set up the ball for Nadherny's plunge over the goal line. The game ended right there.

A spirited, fast moving Morton eleven scored their first league victory when they defeated the Proviso Pirates 19-7. Amid an enthusiastic crowd the Mustangs plunged for their initial score early in the first quarter. A series of runs by Nadherny, an added series of passes by Roffi to Votava set up the score, Nadherny going over. Ferd's conversion was good and the Mustangs led 7-0.

First Row: Hoden, Scott, Nichols, Polpelka, Young, Wagner, Adamson, Gaynor. *Second Row:* Zahelka, Muscato, Reinbacker, Kalal, Stoffel, Harbutte, Blaha, Hucek, Kuncel, Kovina, Rareka. *Third Row:* Votava, Nadherny, Coach Wright, Motica, Brisky, Will, Sebesta, Gierlach, Holdych, Vavricka, Roffi, Lestina, Shaw.

Continuing their scoring blitz in the second quarter, Chuck Wagner retrieved a fumble on the Pirate 36 yard stripe. Driving down to the 5 yard stripe Roffi fired a pass to Votava for the score. Nadherny's kick was blocked. The Pirates finally opened up in the final quarter with De Ano going over. Their injured regular, Marini, came out to make the conversion.

The hopes and dreams of countless Morton football fans were shattered as a spirited Oak Park eleven edged out a 14-12 victory over the fighting Mustangs.

Coming closer to an Oak Park win than any Morton team in recent years, the local boys were unable to score the two points after touchdown that proved the margin of victory for the Villagers.

It was an interception and 3 quick passes that put Will Kramer of the Huskies over. Left guard Schneider kicked the point.

Roffi's scoring quarterback sneak was set up by alert Chuck Wagner. He intercepted and ran back a pass 55 yards. "Moose" Hodan's conversion was blocked.

Next time it was Soucek of Oak Park who broke through and ran 58 yards for the Villagers second tally. Schneider's kick was good again.

The Fighting Mustangs

*Here is hoping that
the rest of your high school
days are happy ones.
Ferd Nadherny*

Harold Holdych, *End*

Chuck Wagner, *Back*

Bob Kalal, *Tackle*

"Red" Scott, *Guard*

Ray Roffi, *Back*

Bill Stoffel, *Tackle*

"Moose" Hoden, *Guard*

Ferd Nadherny, *Back*

Bob Sebesta, *End*

Al Harbutte, *Center*

Joe Votava, *End*

Bob Shaw, *Back*

Morton came back with 3 completed passes in succession. One from Nadherny to Roffi and two from Nadherny to Shaw, which placed the ball on the 1 yard line. Nadherny plunged for the score. The attempted pass for the extra point was batted down.

Galloping over a muddy home field, the Morton Mustangs tramped the Waukegan Indians 13 to 7 and thus tied Oak Park for second place in the league standings.

Again it was Nadherny's consistent passing and plunging, Votava's, Holdych's, and Sebesta's receiving of Roffi's passes and the heads up ball played by backs Shaw and Wagner that gave Morton another victory. Hitting the line as always were the light but speedy and fighting line men, Harbutte, Scott, Kalal, Hodan and Stoffel.

Ferd Nadherny was honored by being chosen All-State fullback. This climaxed Ferd's four years as a football triple-threat back.

This year the former Frosh-Soph coach, Jim Vopicka, stepped into the shoes of Coach Norm Ziebell as varsity coach of basketball and annexed a successful season.

In their initial appearance of the season, the Mustangs easily subdued the Red Devils of Hinsdale, 45-28. Riverside was edged out by the Maroon and White five, 43-41. This game made it two in a row.

The Mustangs then took to the road and stopped off at Champaign and Decatur, only to absorb two lickings, 35-24 and 51-41.

They made up their defeat by dealing Proviso a 52-37 licking and Elgin a 50-43 beating. New Trier put up a good scrap as the Morton boys beat them out 50-41.

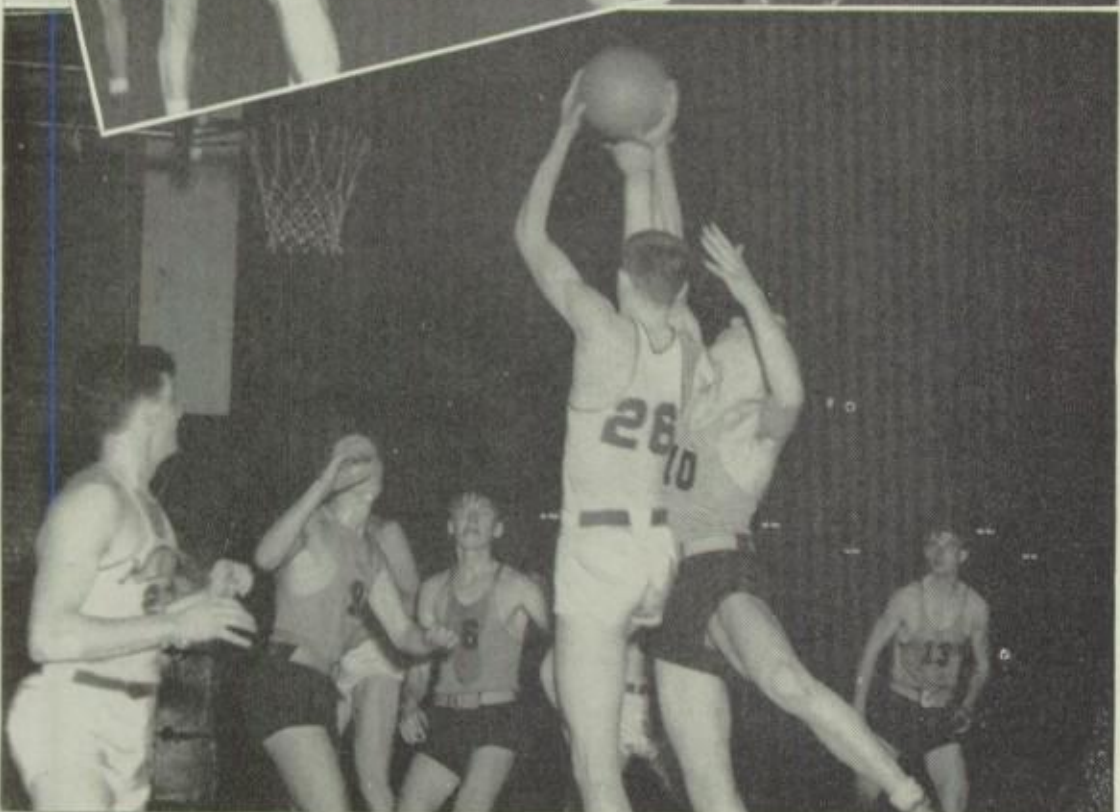

In the Clinton Holiday Tourney, Morton nosed out Pekin 40-39, and dropped Urbana 50-33. Rangy Dick Bauman led both teams with 16 points in the Pekin game.

The Champs

The final game found Morton dropping a 37-32 game to Bloomington.

The team came back and dealt a 39-37 decision to a scrappy Evanston team. It was in the second over-period of the double-overtime game that Ray Roffi plunked a one-handed long shot to win.

Oak Park was easy meat for the Mustangs as Morton sank them 59-47. Bauman really got on the ball and scored 26 points, thereby tying a league record for points scored by one man in one game.

The Bulldogs of Waukegan crawled into a first place tie with Morton by virtue of a 46-43 decision. Ferd Nadherny countered 14 markers.

The Mustangs again got on the road to victory and smothered the Proviso Pirates 46-32.

A determined Morton team went into an overtime and came out victors over New Trier 47-45.

The Evanston game found Morton on top by 51-41. Nadherny made a total of 20 points.

Showing off the fundamentals

Jelinek eyes up the basket

Mustangs Lose Heartbreaker at Champaign

The Mustangs were forced to share the Suburban League title with Waukegan by virtue of a 41-23 beating dealt them.

The Mustangs went into the Regionals with their hopes high. The first game found Morton defeating LaGrange 52-35. In the next game we again came out on top 54-22 over York. The final game of the session was the real thriller. In this one we nosed out Riverside-Brookfield 38-36.

The sectionals found the Mustangs trouncing Joliet in the semi-finals 43-33. In the final game we beat a smaller but game Coal City team 46-28. In the first of the Champaign tourney we faced Champaign. With three minutes remaining Morton had a lead of 12 points. After Ray Roffi's and Bob Shaw's dismissal on fouls the Champaign team began hitting the hoop and nosed us out 47-46. A last-minute basket by Dick Bauman was called back.

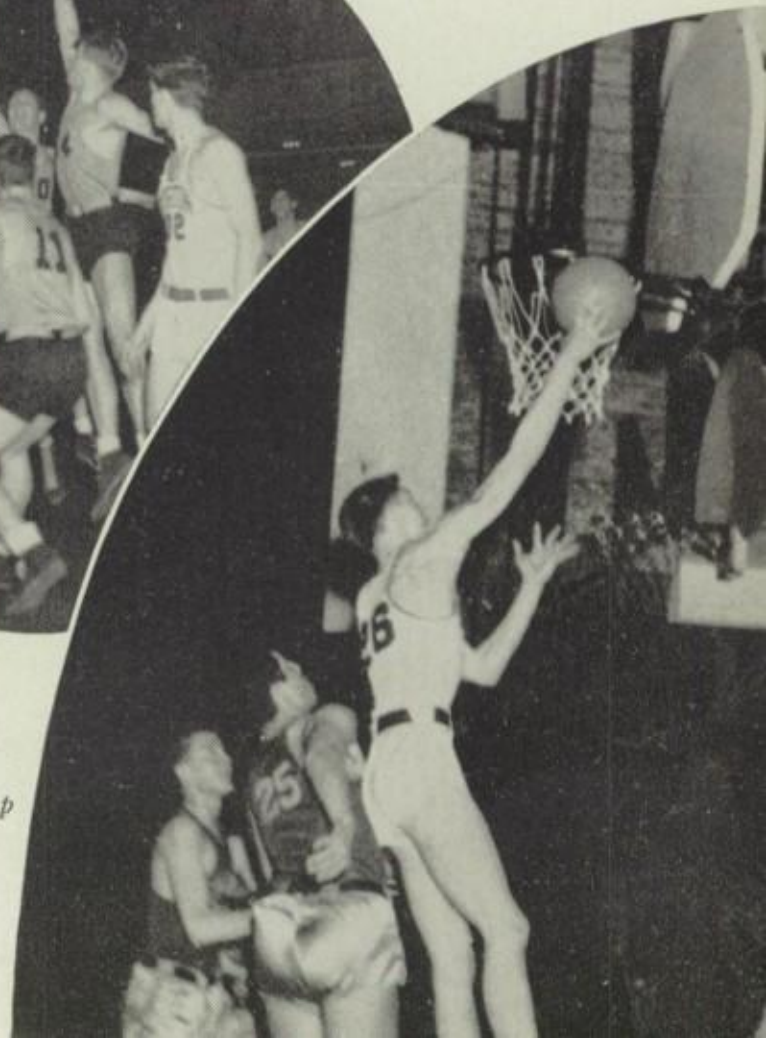

The all-around playing and spirit of Bobby Shaw, Ray Roffi, Carmen Cusack, Bob Jelinek, Ferd Nadherny, Ken Tourek, and "Beaver" Bauman were really outstanding throughout the year.

Dick Bauman ended the regular season as high scorer of the Suburban League. Both he and Ferd Nadherny shared the honors of being placed on the All-Suburban team.

Going up for another shot

Bauman makes another set-up

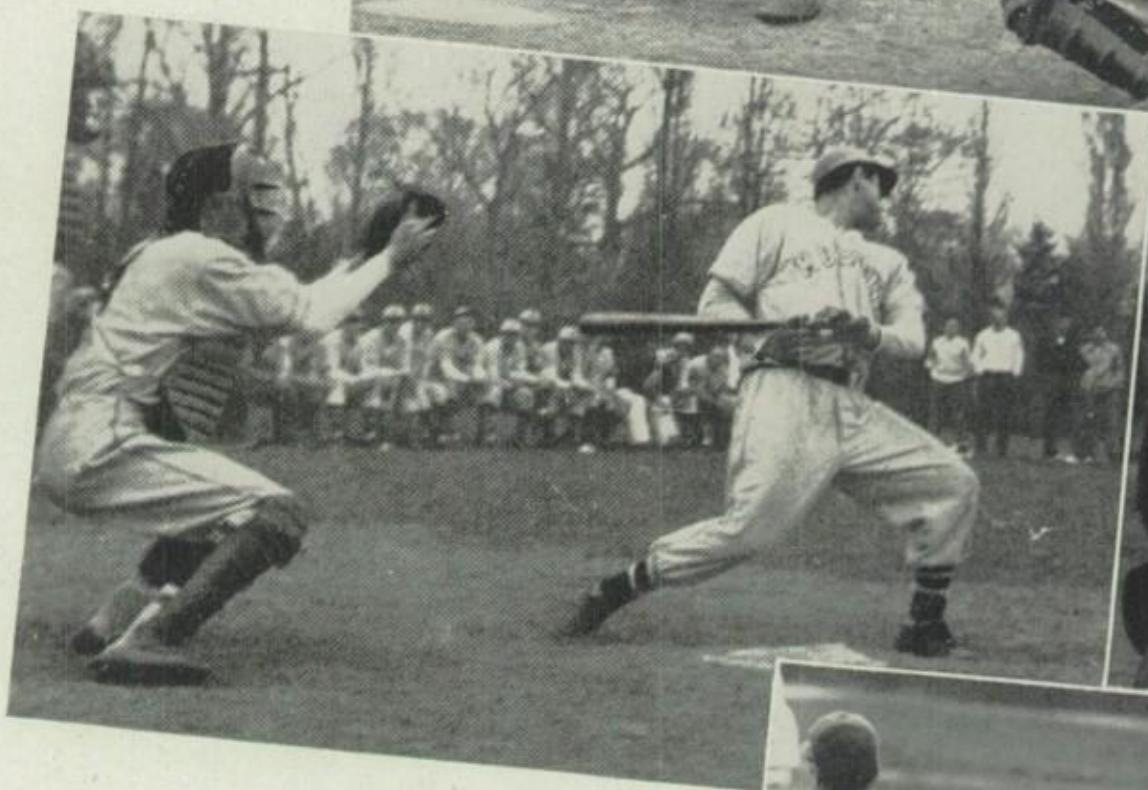

Morton Suburban League Champions

VARSITY BASEBALL

In beating nearly every team they played, the Morton Mustang nine rolled through fifteen victories in seventeen starts, won the Suburban League title in a runaway, but like the football and basketball teams, closed the season in a heart-breaking manner.

Taking over where Coach Fencil left off, Coach "Gil" Larimer brought the Baseball Team the Suburban title, but failed to bring in the State title.

Duplicating Bob Feller's feat of not so many years back, Tom Spelson hurled a no-hitter in the season's opener. Spelson struck out twelve men while walking five. Gene Gibson sparked the infield on many good stops. The lone Parker tally was made after a wild throw by Krauz. A week later Spelson faced the same Oak Park nine, but this time lost out in another pitcher's duel. From then on it was not a case of who Morton would beat but by how much they would beat them. They hit their stride and swamped Evanston in a double-header 1-0 and 14-6. The first game proved to be a pitching duel with Walsh of Morton coming out on top. Walsh's performance was nothing less than sensational since Lenny has had so little time due to chicken pox, and a bad case of the flu.

Carmen Mauro hits

Spelson can hit, too

Coach "Gil" Larimer

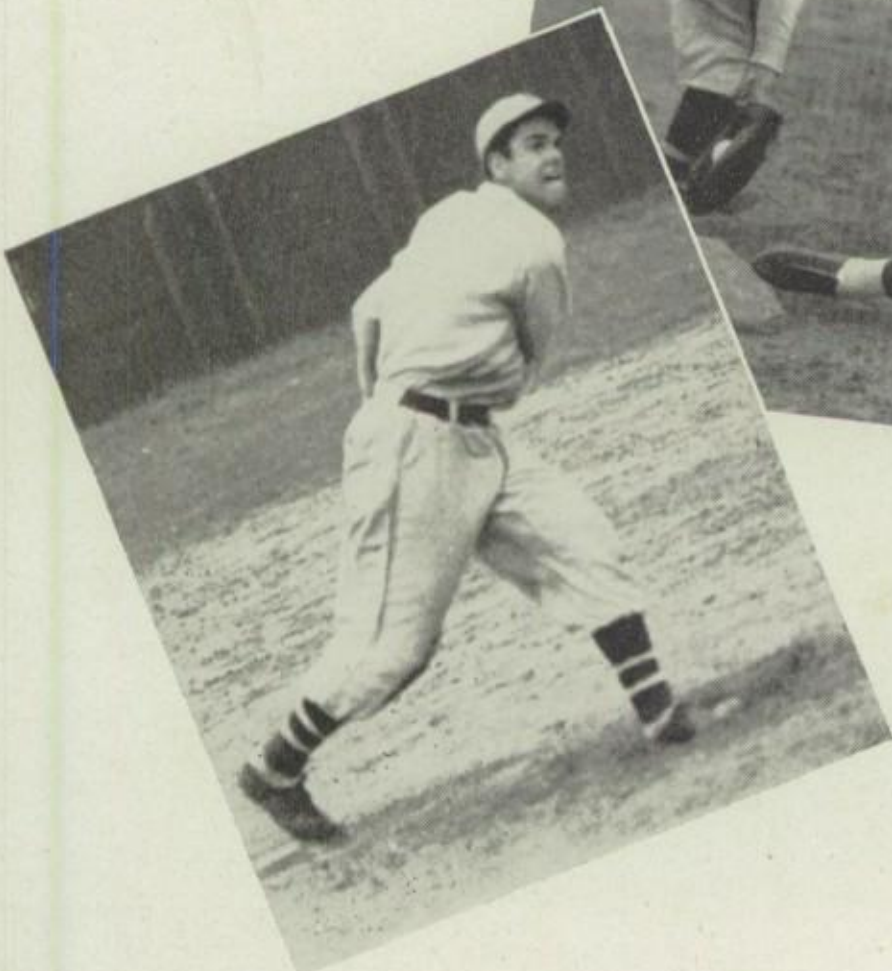

Carmen Mauro sits

The second game found Morton hitting McVay of Evanston with everything but the kitchen sink. Claiming the telltale blows were Krauz, Cervenka, Kahles, Naderhny, and Walsh.

They then went on to beat Proviso 3-2. The combined talents of Jim Krauz and Tom Spelson ganged up on the Pirates and resulted in the 3-2 triumph. It was Krauz's long homer in the seventh that broke the 2-2 tie. Spelson struck out 15 men and gave 3 hits.

After this incentive the Mustangs walloped New Trier 13-5 and 13-3. The first game found Lenny Walsh on the mound in his second start, while the nitecap saw Tom Spelson and Carmen Cusack handling the hurling chores. It was Spelson's third victory in four starts and the second time Cusack had been called to duty. The highlights of the 26 run, 26 hit barrage came in the third inning of the nitecap when the Mustangs batted around, 12 in all taking their turns.

In this seven run outburst Spelson drove in two runs with a single and a double while Krauz was the only Mustang not to get on base. Waukegan caused a little more trouble forcing the Mustangs into extra innings, but we came out on top 8-5. The second game saw Morton beating Waukegan again 9-7 and then winning the Suburban League Title.

A hearty swing by Rudy Kahles

Olmstead snags another one

Spelson bears down at Oak Park

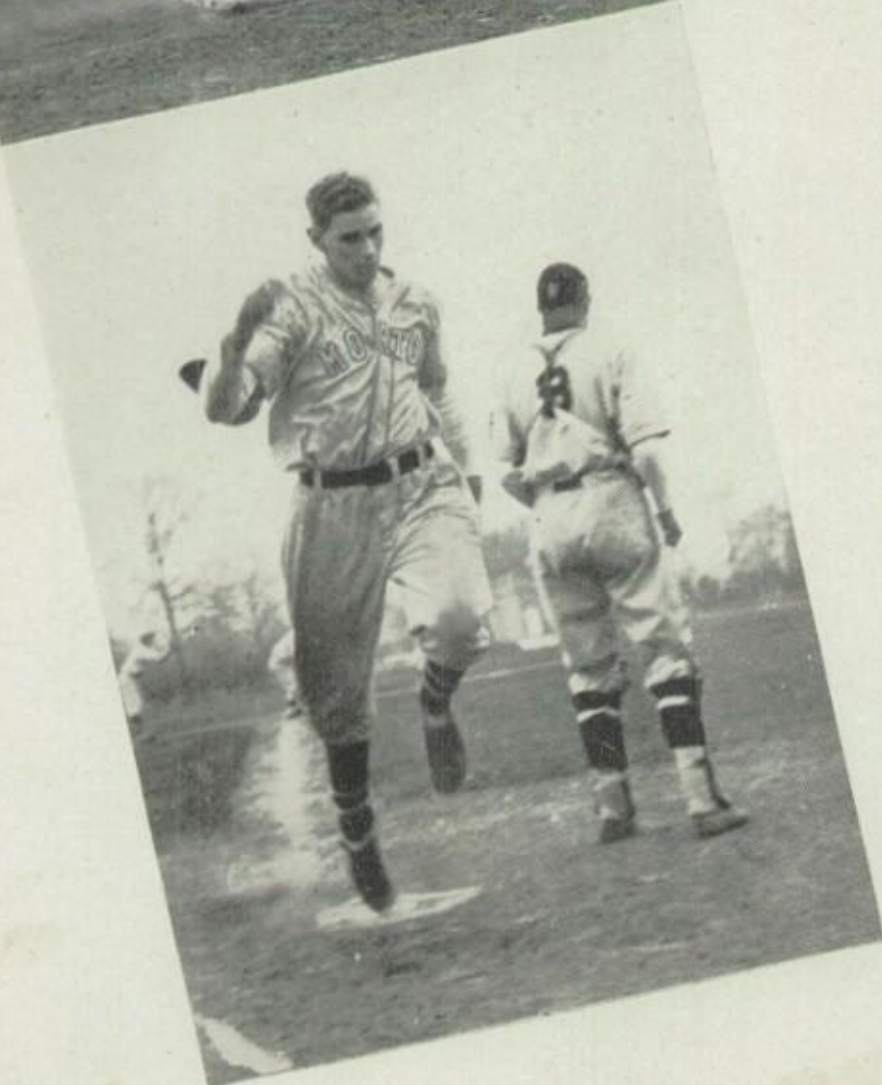

Next on the list, Riverside-Brookfield faced Morton's number three, four and five pitchers, and still lost; Spelson hurled the second R. B. game and once again the outcome remained the same. Proviso fell again, and the Mustangs set themselves for the State tourney.

Argo was easy meat in a 9-1 romp; Oak Park, however, was a little more troublesome in the District finals. The Mustangs, with Spelson giving up four hits, won 2-0 and advanced to meet Evanston in the first round of the Sectionals. Morton lost. There were a number of little reasons, mainly that we faced a much improved ball club on a day when they couldn't miss.

Krauz, Olmstead, Gibson, Cervenka, Nadherny, Mauro, Kahles, Zam, Spelson, and Walsh were batting as a team close to the .325 mark. Individually, Kahles, Gibson, Mauro, Cervenka, and Olmstead rank as the top hitters. Jim Krauz claimed the all important spark plug post. Morton will never forget his homer in the Proviso game as well as his consistent hitting.

Pitching to the catching of Krauz were Lenny Walsh and Tom Spelson.

*Best of luck

Suburban League Champions

FROSH-SOPH FOOTBALL

Coaches L. H. Batson and A. C. Elliot turned the tables on all the Suburban League competition this year when they coached the Mustang Frosh-Soph football team to the first underclass championship in Morton history. Although consistently hindered by injuries, they somehow crashed through and knocked off all local competition to end the season with 5 straight Suburban League victories.

Polishing up on offensive and defensive strategy in the season's openers at Bloom and Riverside, the Mustangs set the stage for a successful Suburban League campaign. Evanston was first to fall before the Mustang onslaught.

After the loss of flashy Jim De Stefano and the temporary loss of powerful Rudy Cernoch, the Mustangs had somewhat of a time pounding over a single touchdown which provided the margin of victory at Evanston. New Trier fell to the Mustangs when a last rally netted 13 points and a 13-7 triumph. Without the very capable

The big three conference talk about title hopes. Kushner, Coach Batson, and Vohaska.

3rd Row

Cernoch, Staral, Doneske, Prockaska, Vohaska, Diman, Saurwein, Chansek, Shucoul, Fleider.

Marty Serbick, the Mustang ponies easily triumphed over a weak Proviso eleven. In this game Doneske, who was converted to a back from a guard position, scored two touchdowns to make the final score 13-0.

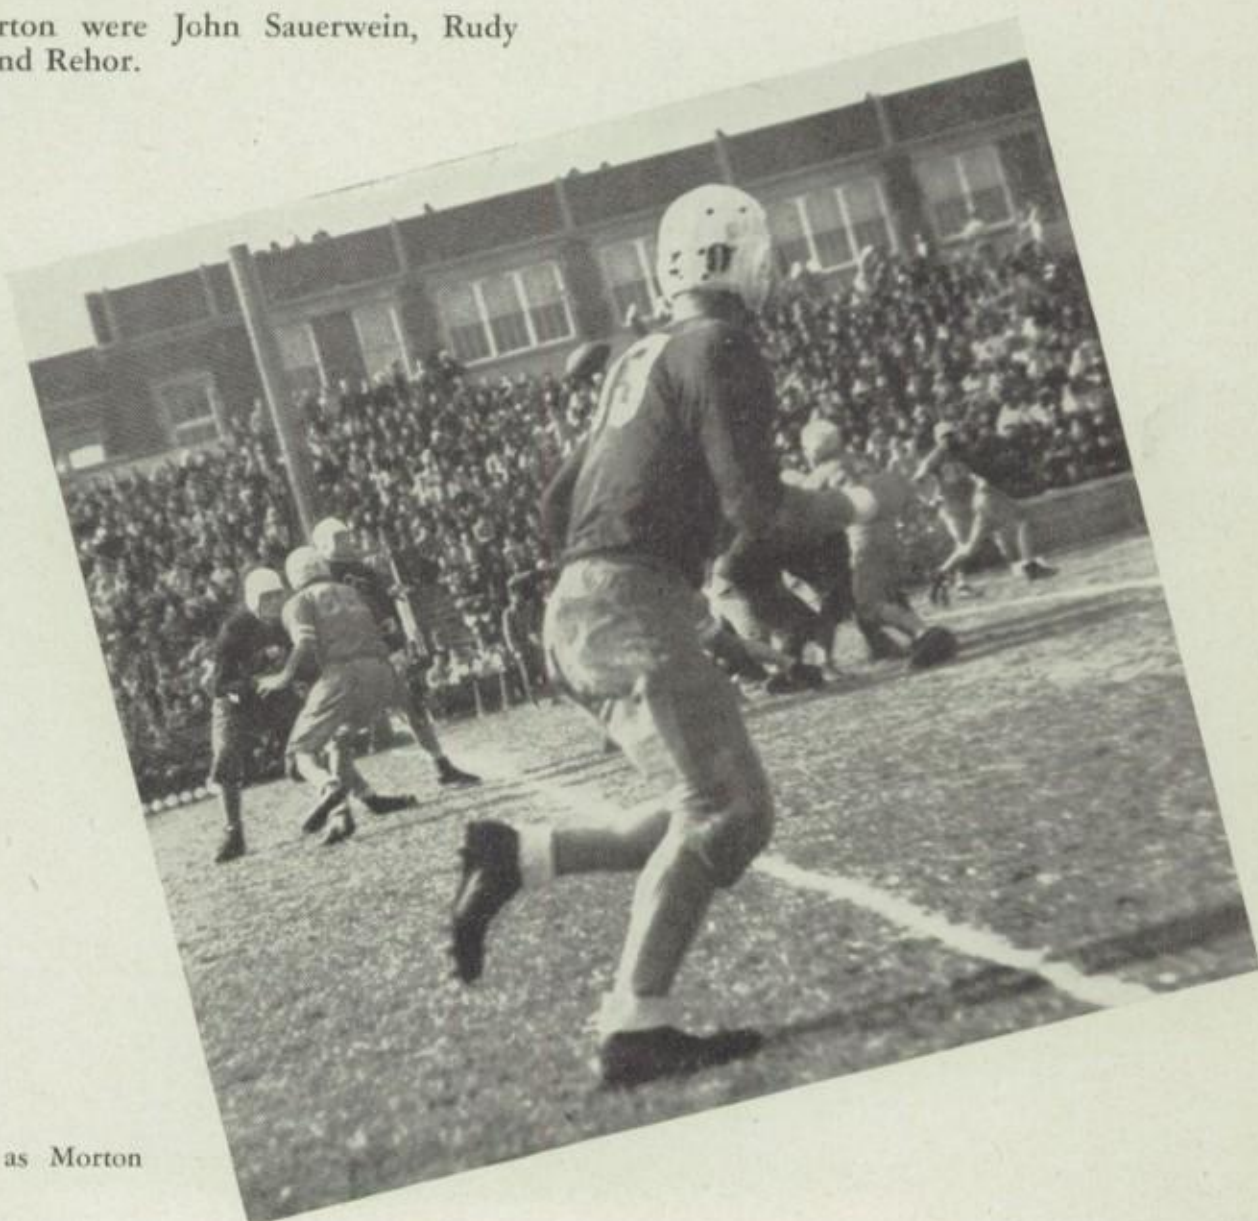

The Schurz game, although a defeat, proved to be a calm before the storm in the Mustang schedule for in the next two weeks they pounded over our traditional rivals, Oak Park, 12-7 and climaxed a most successful season with a 13-0 victory over the Waukegan Indians. The victory over Oak Park gives an assurance that a long awaited varsity win over our neighboring rivals might come in the near future.

Due credit must be given to the whole team for a most successful season. The line, lead by center Bill Vohaska, literally swamped opposing backfield men and stormed and played opposing lines to a stand-still. Others contributing to this immovable line were Kusnierz and Flieder at ends, Bowman, Prochastka, and Pantelis tackles, and Drijie and Doneske at guard.

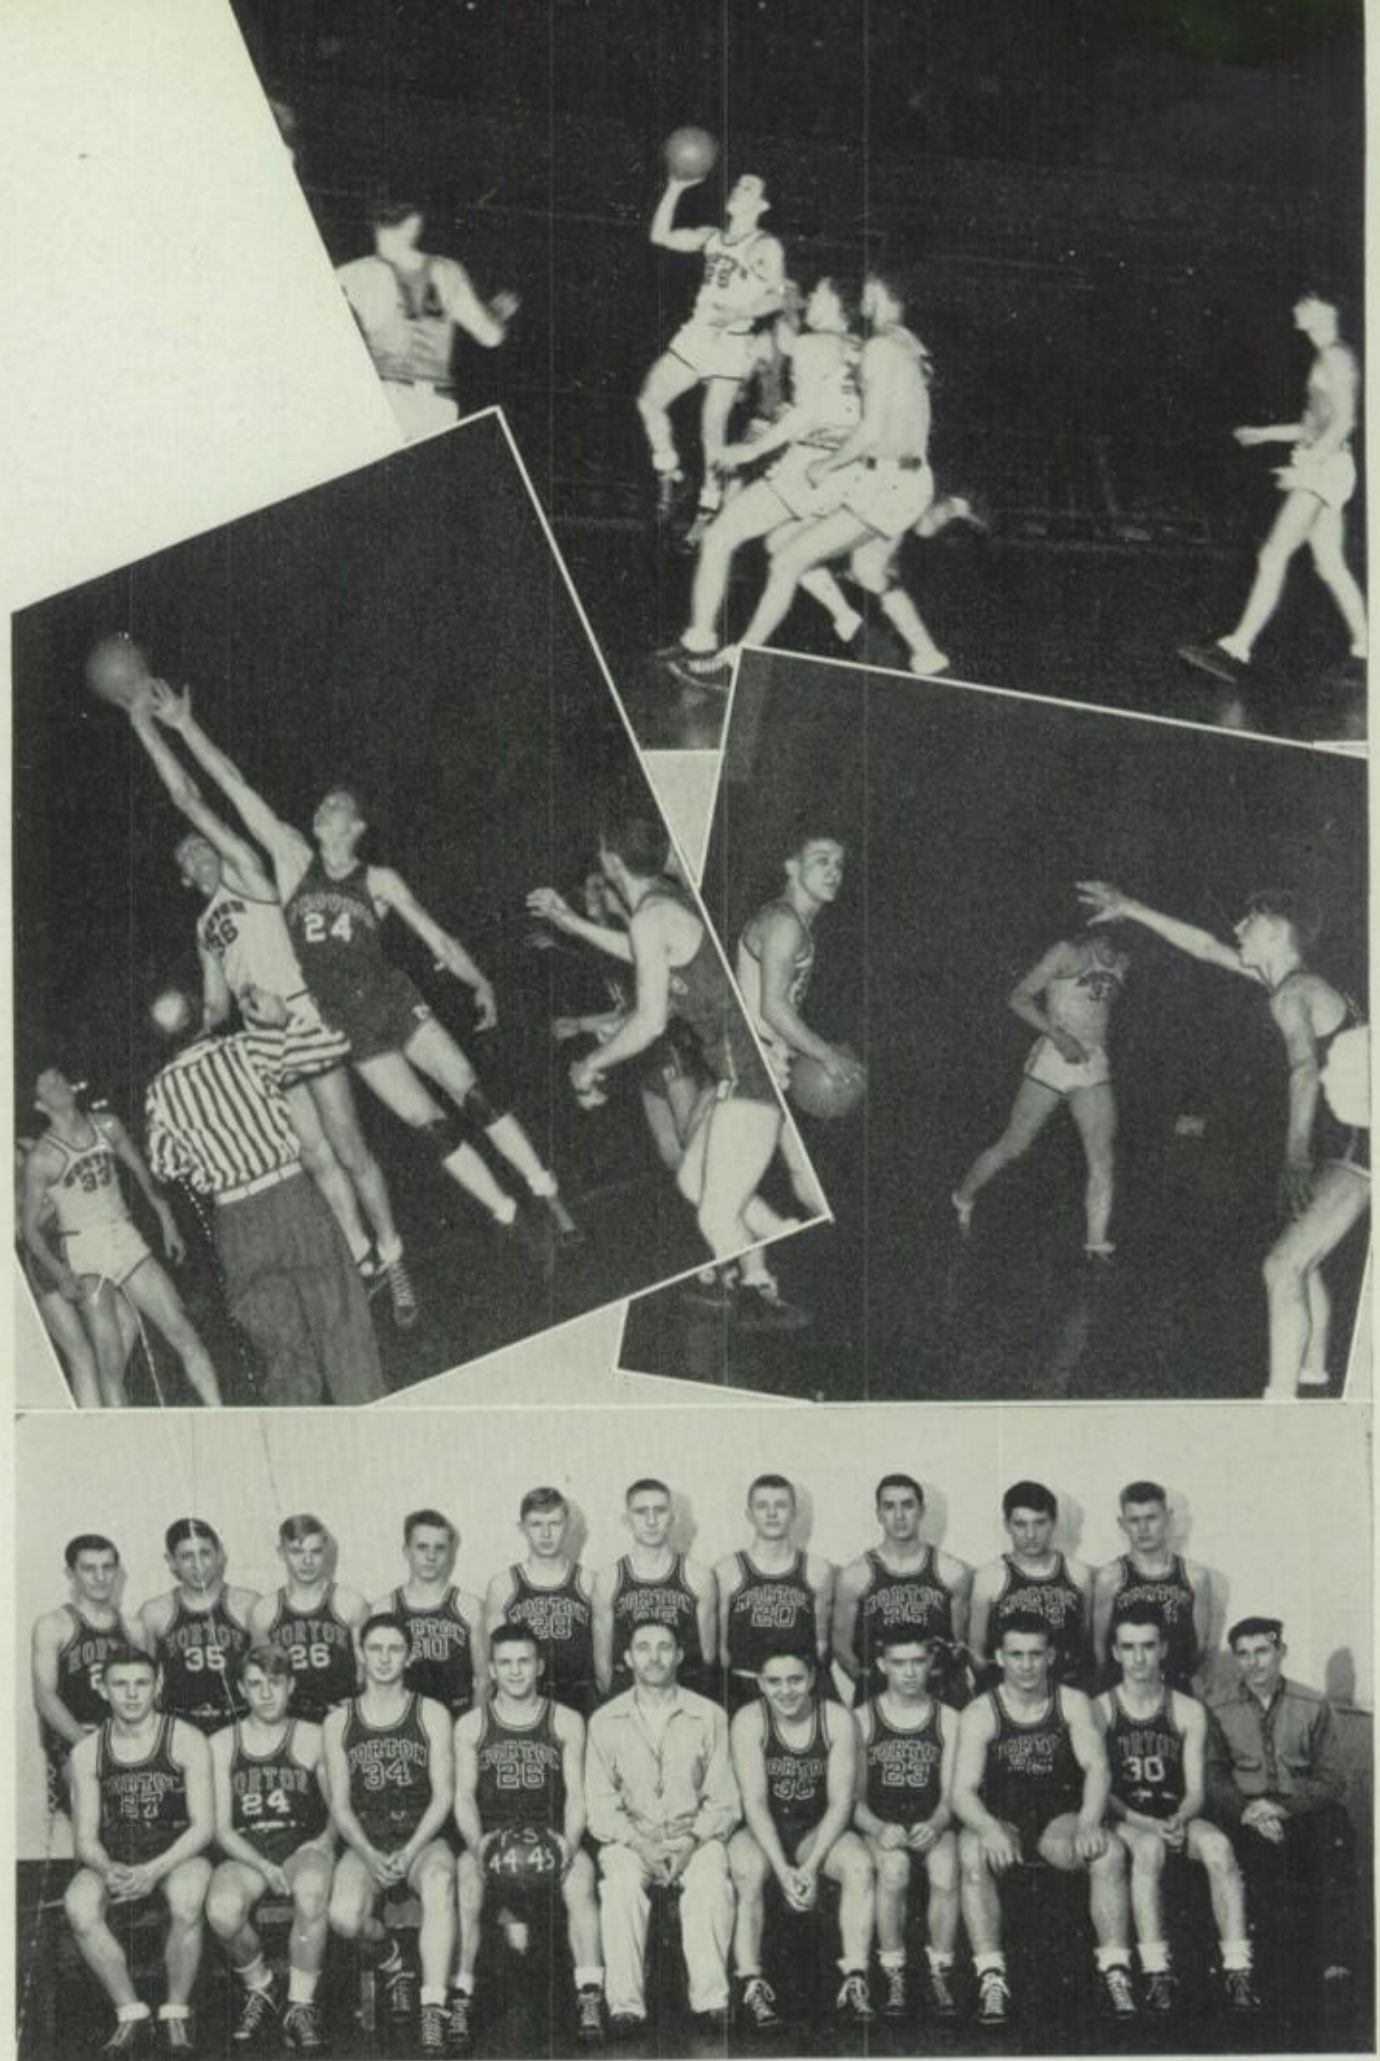

Handling the backfield positions for Morton were John Sauerwein, Rudy Cernoch, Ken Tone, Marty Serbick, Suchomel, and Rehor.

Frosh Soph

The Pavlinek coached frosh-soph basketball team ran into mid-season difficulties and were forced to be content with a second place in Suburban League competition. Probably the loss of Rudy Cernoch and Al Flieder, was the chief reason for the Mustangs sharp decline in the games won column.

The Ponies opened up in fine style by whipping Hinsdale but a loss to Riverside evened the won-lost percentage. Proviso, the Ponies first Suburban League competitor, fell by a 20-13 score. After losing to Elgin, the Underclassmen got on the ball

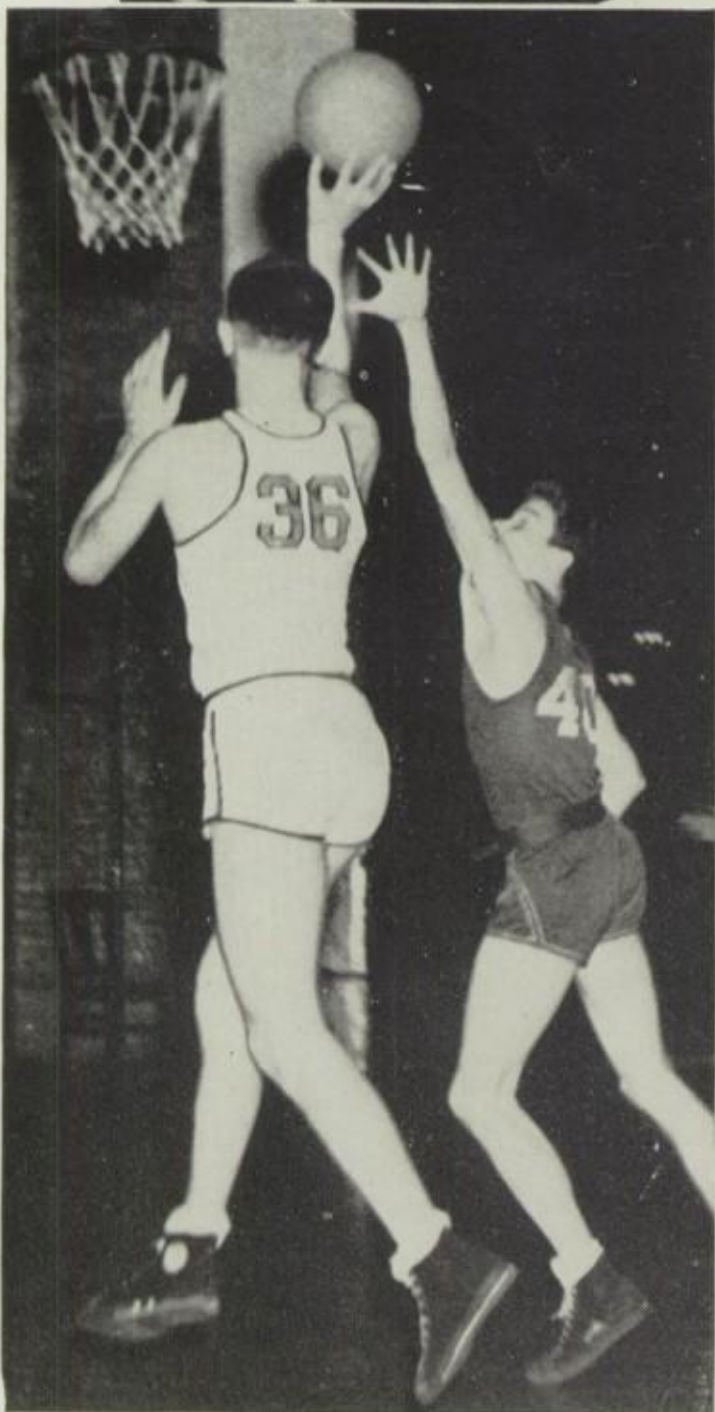

Champion

Basketball

and dropped New Trier, Evanston, Oak Park, and East Aurora in that order. Waukegan then fell to the ponies 21-18.

After the start of the second semester, and minus the services of several first-string players, the Mustangs fell victims to Proviso, 18-28. New Trier was next in line on the Mustang road to victory while LaGrange added another setback to the Ponies cause. In a game for undisputed possession of the Title the Maroon and White were defeated by Evanston, 32-25. The Ponies won their last two Suburban League games, the final victory coming over Waukegan by a 34-13 count.

The Ponies beat our rivals, Oak Park, twice, and were the only team to whip the champs, Evanston.

Junior Varsity BASKETBALL

The Morton Junior Varsity basketball team completed another successful season. The aggregation, consisting chiefly of junior talent, garnered victories over Proviso, Oak Park, and La Grange. The only defeat of the season came at the hands of the La Grange team and later was forced to bow to the mighty Mustang quintet.

Outstanding members of this aggressive team were Don Miller, Harry Holdych, Bob Malone, George Cech, Ken Turek, and Art Strobl. Undoubtedly this team will do great things next year as is indicated by this year's scores. Proviso was first to fall before the Maroon and White, by a score of 47-44. This was followed by a shady 32-28 defeat at the hands of La Grange. Oak Park was next to fall before the Mustangs, and then the Mustangs got revenge for their only defeat of the season. In this game the Mustangs bucketed everything except the referee to gain a 63-36 victory. The final game of the season gave the Maroons a 10-point, 38-28, victory over Oak Park.

Coach Vopicka coached this year's team alongside his many duties as coach of Varsity basketball.

Suburban League Champs

CROSS COUNTRY

The Morton cross country team walked off with their second Suburban League title in three years. The Morton-Riverside football game seemed to inspire the Mustang harriers for they left the Bulldogs in the dust to gain a one sided 16-46 victory. The next meet was run on the streets of La Grange, and we absorbed our first and only defeat. Once again the Mustangs traveled to Riis Park to meet Steinmetz and the Harriers walked off with top honors.

Victory number three came at the hands of Proviso while Hinsdale fell before a superior Mustang team. In one of the closest meets of the season the Maroon and White nosed out the Evanston Wildkats for the title, 26-29, low score winning.

Cross Countrymen did not fare so well in the Proviso Invitational. They had to be content with a fourth place. Cy Citek, Chuck Vojta, Gerald Fay, Fred Mazzoni, and Dick Kalish rounded out the "Big Five" for Morton. Credit must also be given to the remaining members of the team for an outstanding and successful season.

Fourth in Proviso Invitational.

1944 Outdoor Track

The '44 Maroon and White track team rounded out a most successful season, taking first places in five dual meets. The Kudrnovsky coached cindermen were led to victory by a host of talent. Bob Toriello carried the torch for Morton in the dashes while Dick Kalish, Earl Hajic, Chuck Vojta, and Gerald Fay tore up the turf for the Mustangs in the distances.

The quarter-mile assignment was capably handled by Carl Zupic, Fred Mazzoni, and Richard George. Added power came in at the hurdles where Bob Wolf, Jim Morgan, Gene Sowinski, and Norm Lestina hindered opponents.

Joe Votava, Doyle Bearden, Harold Husa and Bill Bradford represented Morton's attempts to gain honors in the field events.

Other members contributing to the success of the Morton track team were Emil Tomanek, Chuck Vorel, Bill Kesl, Bob Dougal, Bernard Budrick, Bob Budlove, and Len Abbedutto.

Fatigue among milers

Paps, Klien and Murphy

*It's a bird,
It's a plane,
NO! No! It's Bradford*

Running through their five undefeated dual meets, the Morton fleetfoots were led by the consistent winnings of Bob Toriello and Bob Wolf. The squad defeated Riverside-Brookfield, 72-33; Proviso, 67½-45½; Harrison, 83-2; and won 81 points in a three-way meet with Crane and Du Sable.

In the district meet, the Mustang red-clads placed third behind Oak Park and Du Sable. Joe Votava and Pete Barbolak won Morton's only championships in the shot put and discus throw, respectively, but failed to place in the State finals.

Duplicating the feats of their bigger brothers, the underclass harriers ran over Du Sable-Brookfield, 57-38; St. Mel, 62-6; and Harrison, 52-25. Outstanding wearers of the frosh-soph thin-clad include Miller, Benke, Holdych, Murphy, Paps, Houde, Klien, DeStefano and Klien.

Suburban League Champions

SOCCER

Speed plus plenty of fight and topped by Morton's unconquerable spirit, made up this year's soccer squad. The men booted their way up to "State" but bowed to Lane Tech in the final match.

Coach Joe Jahelka, having the pick of several good men, guided the booters through a traditionally fine season. He had the well known "vet" Lou Cipra, who led all of our scoring offensives. The other choice members who played a consistent brand of championship ball were Chuck Tucek, Ken Houdek, Don Bertolini, Bob Riha, Roy Tuma, and Erv Klodner.

Probably the most important games of the whole season were the two games with Oak Park and the game with Lane Tech.

In the first encounter with the Parkers, we easily defeated them, 4-0; but in the second we fought to a tie. Because our team had a majority of points we claimed the Suburban title. In the drive for the State Championship, the Morton men were nipped in the finals 1-0 by Lane. The lone tally was made in the first few minutes of the game, when Lane scored on a free kick.

Next season, with a few veterans returning, the Jahelka-coached soccer men will make another attempt to take both Suburban and "State" titles.

Lower Left: Selby and Balaja finishing off two lengths

Lower Right: Brown and Kanak setting their pace

Swimmers, take your marks! Bang! and the Morton mermen start their 1945 swimming season. The Varsity squad, coached by "Buck" Wright, ran into tough luck all season. Due to a shortage of good swimmers the team was not as successful as teams of the past. Many of the boys left for the service and the main part of the Varsity graduated in February. In spite of these handicaps the tankmen worked out three times a week and put forth their energy to produce a winning team. Coach Wright was ably assisted by Captain Andy Post and Co-captains Bob Musil and Chuck Randa.

Our Frosh-Soph team had a stronger team than usual; in spite of inexperience the boys made a good showing for themselves in competition. The underclassmen had two superb swimmers to boost up their scores. They were Roy Brown, free styler, and Allan Kanak, backstroker. Brown broke the Suburban League record for the 50-yard free-style event in the Suburban League meet, held in New Trier's natatorium. He was undefeated all season. Brown and Kanak were also Co-captains for the season.

Top Row: Seidel, Kolar, Howell, Gurnik, Dorsowitz, Douglas, Huizinga, Kanak, Balaja, Wilky, VanBergen, Brown, Vohaska, Wohlgemuth. *Middle Row:* Musil, Korchan, Randa, Selby, Jahnke, Moats, Kolar, Brown, Smetko, Pease, Nemec, Vykouk, Schlehoter, Lensey, Caithamer, Coach Wright. *Bottom Row:* Wagner, Keller, Nemecek, Stary, Heidecke, Shotloa, Wilky, Cassassa, Rawers, Rezabeck, Knapczyk, Stastny.

Boxing

Coach Jahelka's pugilists have always been successful, but have a hard time finding meets. This year the four members of the Catholic league, St. Rita, Loyola, St. Mels, and St. Mary, dropped out of the league. Also moving out of the Morton schedule was the tough Culver Military Academy, traditional rivals of the Morton boxing teams.

In their first encounter with Grant of Englewood, the Mustangs came out on the low end of a 6-4 score. In the first two bouts Rudy Giulietti and Bob Rowe pounded out victories over their opponents to take rather one-sided decisions. Joe Koszewski, in a close fight was handed the first loss. Then Joe Kokacek won a swell fight on a T.K.O. in the second round. In the fifth bout Nick Gugliamo lost on another very close decision. Buck Vavricka produced another highlight for Morton. Letting loose with all he had, Buck was awarded the second T.K.O. of the meet which also came in the second round. Then George Zawacki and Bob Shubinski lost two very tough fights. The losses by Eugene Connerty and Lido Manetti were also close decisions.

With Shubinski and Zawacki the only returning veterans to battle against Grant, Coach Jahelka was forced to look to the newcomers, Vavricka, Kokacek, Manetti, Connerty, Gugliamo, Mitchell, Row, Giulietti, and Koszewski to carry on Morton's successful season.

Top Row: Morgan, Rowe, Makris, Vavricka, Dragel, Coach Jahelka. Bottom Row: Hostetler, Giuletti, Connerty, Gugliamo, Harast. Lower Left: Captain Shubinski, Vavricka, Coach Jahelka, Zawacki. "Vavricka demonstrates."

This year the boys put on three successful intramural boxing shows. It is in these intramural bouts that the boys gain experience. In the first match between the third and ninth hour classes the ninth hour came out on top 13-9. Amidst knockdowns, three T.K.O.'s and one disqualification, there were several outstanding fights. In one of the thrillers Jim Stathakos decisioned Bob Shubinski. Both boys are veterans.

The team's home match with Grant found them coming out on top with a 7-3 score. Eugene Connerty and Nick Gugliamo lost the first two fights on decisions because of height and reach disadvantages. The third bout was a really thrilling affair even though Lido Manetti lost it. At this point the tables were turned in favor of Morton. Everet Mitchell started the rally off with a decision. George Zawacki survived a barrage of punches only to come back and take a close one. Then little Bob Shubinski, who was outweighed, took an easy victory. In the heavier bouts, Joe Kokacek scored another T.K.O.

Coach Jahelka looks forward to next year when most of the new boys of this year's squad will return. He also hopes for a regular season schedule as of old.

Wrestling

Coach E. M. Wojciechowski has led his boys through another successful season, winning eight and losing three of their meets. The defeats were at the hands of Proviso, who beat them twice, and Joliet. The Mustangs met such teams as La Grange, Crane, Joliet, Riverside, New Trier, and Proviso.

Outstanding performances were turned in by Don Will, Bud Gaynor, and Bob Turza. Will proved to be quite valuable in his first year of wrestling, winning nine matches and losing two. Bud Gaynor and Bob Turza both won eight and lost two.

Hodan, Young, Benda, Bolek, Cizek, Ondrasek, Toman, Juranek, and Flens all took their share of the honors.

The season ended officially when the boys journeyed downstate to take a fifth place in Champaign.

Row 1. Toman, Hass, Benda, Stacy, Calek, Flens, Fencel, Stepenek, Sobehard, Rikl, Brzoch, Delasolwicz, Chatt, Coach Wojciechowski. Row 2. Manager Rurek, Juranek, Ondrasek, Hurt, Mattson, Young, Bolek, Gaynor, Brzoch, Tursa, Hodan, Will.

Top left: Hodan on top again. Top right: Benda hides his opponent's head. Center: Turza maneuvers for a pin. Bottom right: Cizek breaks his back.

Gymnastics

Even though they had only two main meets, Morton's gymnastic team had a fine season. In the first meet, which the boys won, the first three places against Harrison were taken by Ed Minor, Dick Ptacek, and Ted Baum. In the other meet, the boys again came through with the first three places. This meet was against Crane and the boys who finished one, two, and three were Martin Guzzi, Dick Ptacek, and Ed Minor, in that order.

In the annual A.A.U. Ted Baum managed to take a seventh place against very stiff competition.

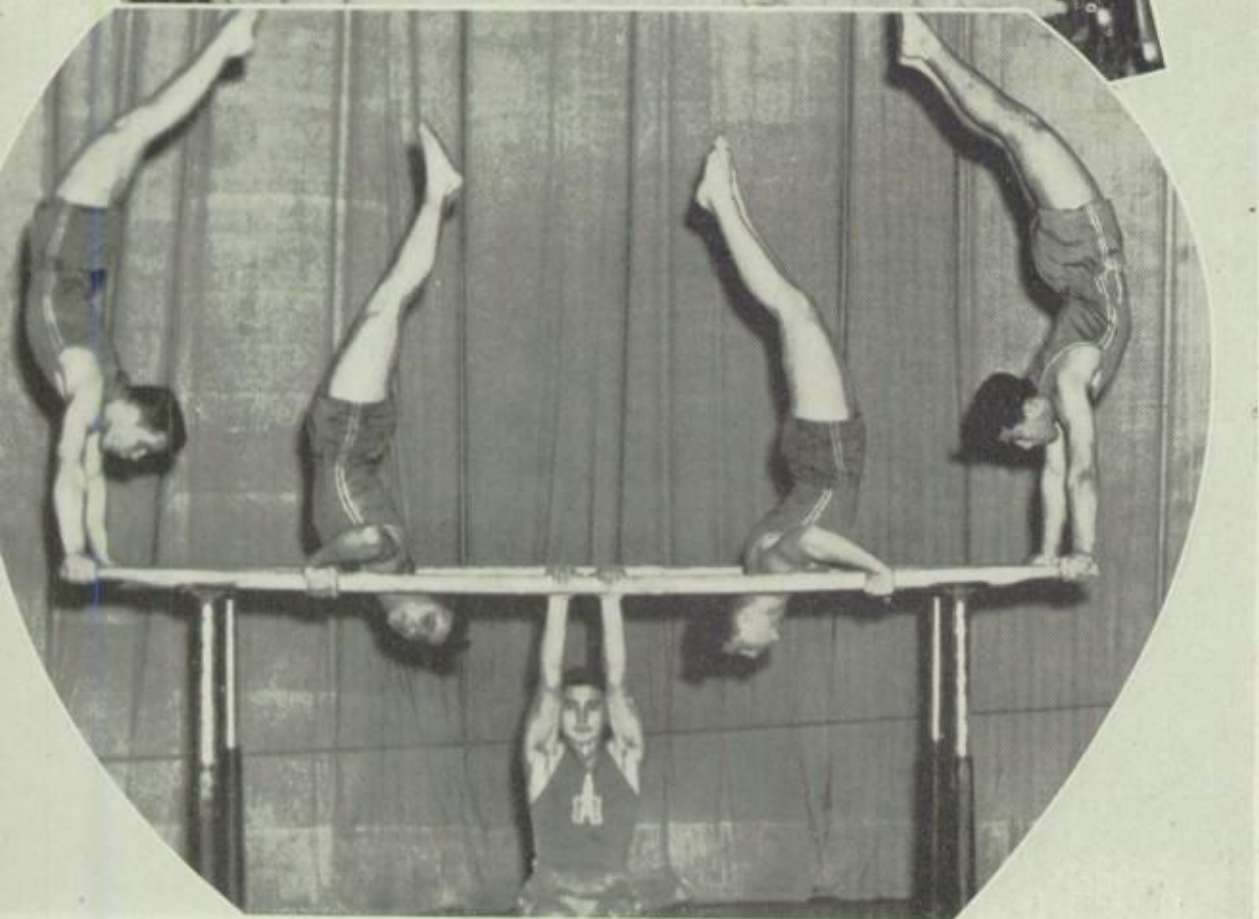

Front Row: Smith, Discipio, Casassa.

Back Row: Ebstein, Lawson, Capt. Miner, Dencoff.

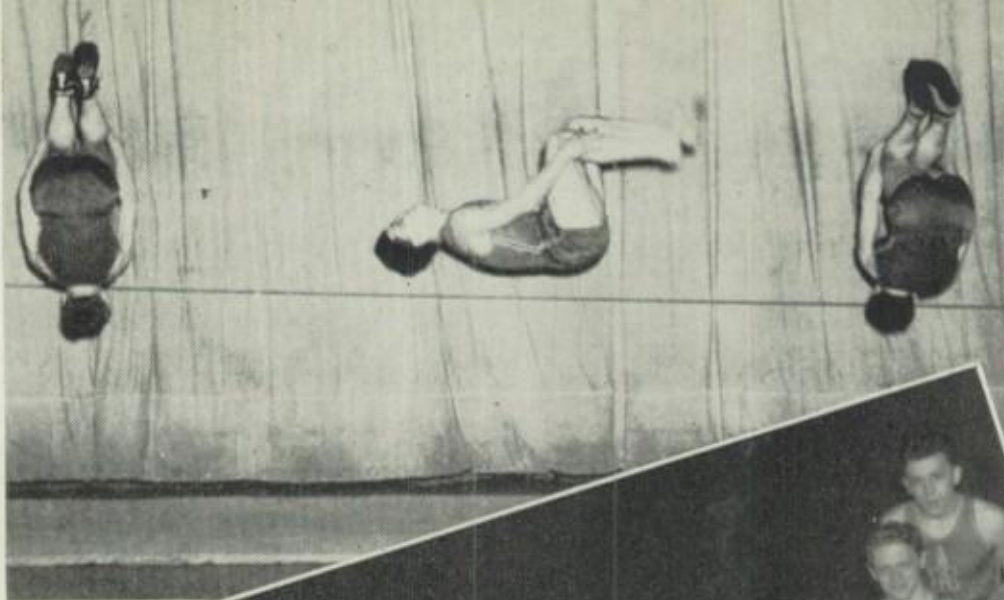

Casassa flies through the air

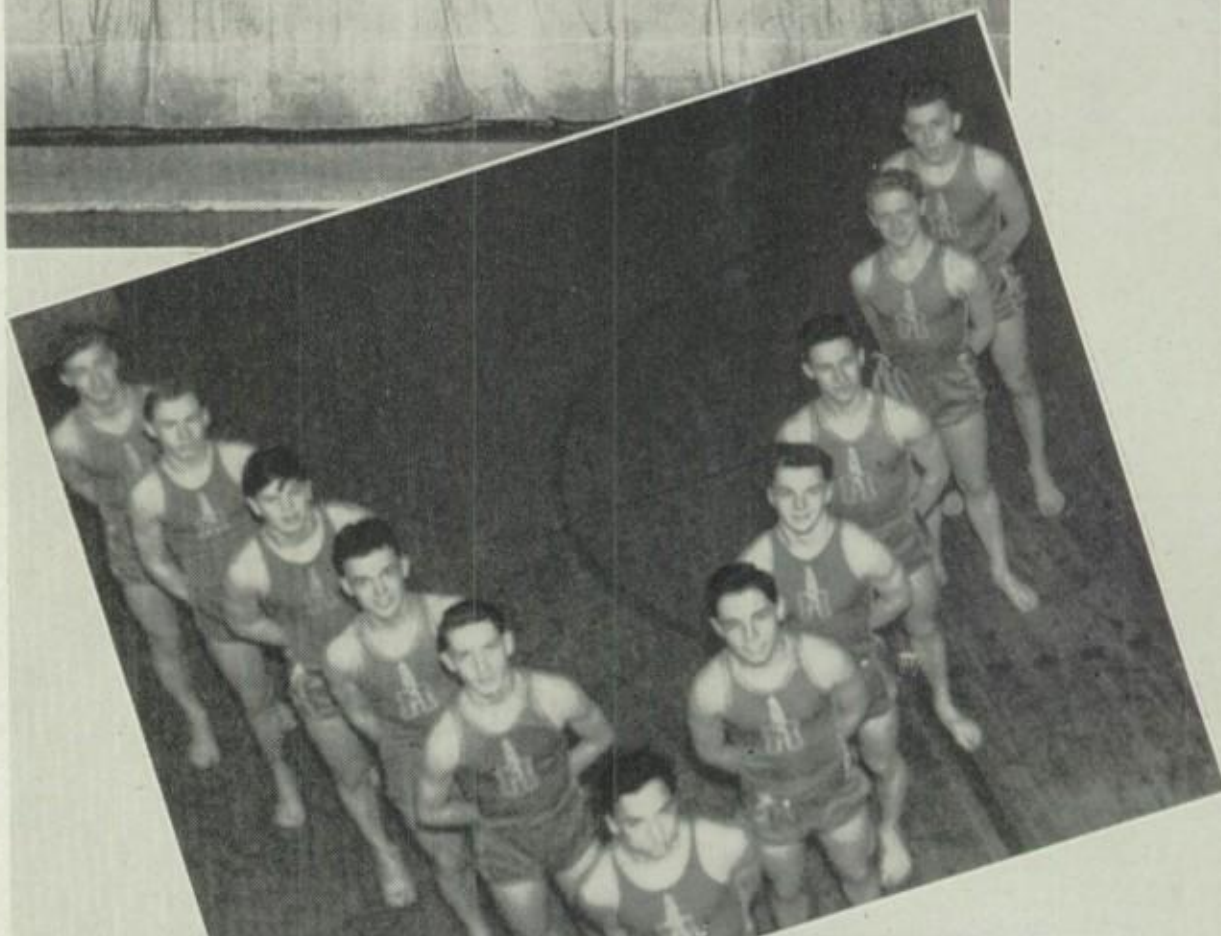

The "musclemen" demonstrate

They fly through the air with the greatest of ease.

The tumbling boys line up in a perfect "V" formation.

Hurst takes to the air.

Tumbling

For several years in succession now, the Morton tumblers have won State A.A.U. Championships. For the year 1944, the tumblers were sparked by George Hurst, Allen Kokes, and Eugene Guido. In the A.A.U. meet of that year, Hurst took first place, with Rube Hackl and Eugene Guido taking second and third places, respectively.

The team has had no dual meets, but has given exhibitions for different interested groups. Last year they performed at the Wendell Phillips High School in Chicago.

Guiding the boys is the skilled and able hand of Coach O. J. Kudrnovsky. Under his leadership, they have become accomplished performers. Each and every practice is devoted to mastering some new, difficult task.

Boy's "M" Club

Row 1: Toriello, Svec, Swanson, Housa, Turek, Nadherny, Hogstrom, Houdek, Ptacek, Bradford. Row 2: Citek, Houda, Musil, Planeta, Motica, Balaj, Seidel, Novak, Guido. Row 3: Benda, Budka, Jobb, Adamson, Coach Wojciechowski, Czech, Hlavacek, Keller, Young.

Row 1: Paps, Kalish, Stoffel, Kanak, Holdych, Post, Will, Riha, Vavricka, Turza. Row 2: Kavina, Vondrasek, Piela, Kahout, Morgan, Vykouk, Hruska, Mastny, Wolf, Makris. Row 3: Vas, Chuynacki, Wagner, Hodan, Rericka, Hucek, Gaynor, Bertolini, Cassasa, Toman.

Under the supervision of Coach Wojciechowski, the boys of the "M" club enjoyed a successful year. Buck Vavricka was president and Ed Cassasa Vice President. Don Jobb was secretary and Bill Stoffel and later Bob Musil treasurer.

As of always the "M" club hop was the attraction of the year. Of the ten girls nominated one was chosen queen and two ladies in waiting. Each was given a trophy. Don Jobb was in charge of publication, George Makris was chairman of the decoration committee and Buck Vavricka took care of the tickets. Refreshments were handled by Jim Morgan.

In order to be accepted into the "M" club a fellow must have at least one letter in a sport. A law recently passed states that a fellow also must be a Junior.

The boys of this year's "M" club who have left for the services include Joe-Votava, former treasurer, Kahout, Post, Wagner, Wolf, Hogstrom, and Husa.

Cheerleading

Rah! Rah! Rah! Rah! Come on Maroon. Come on White. Come on team. Let's fight, followed by the slow chant, Mor---ton, Mor---ton, Mor---ton, fight, fight, fight. Now don't be frightened, and don't fall off your seats, it's just the Morton Cheerleaders leading an enthusiastic audience in a few rousing cheers. It's plain to see that they love it — both the cheerleaders and the crowd as both of them have been yelling loud and long.

The finished product that you see at the games is a living example of the difficult diligent work put in by these girls. Cheerleading, although it looks easy, is the result of the efforts and sacrifices of the students and teacher. Many hours are spent by both in order to achieve the coordination for which the squad is known far and wide.

Creative Dance

A hush falls upon the audience, the house lights are dimmed, and the curtain begins to rise. The interest is centered on the stage as all the girls who are in the creative dance classes begin to dance.

The poise and grace the girls exhibit in these dances have been achieved through the exercises and experience received in the beginners' group.

The entire group of girls who take up creative dance has been split in two. The beginners' group is a combination of all those girls who have only one year, while the advance class is composed of those girls who have had two or more years of modern dance.

Junior and Senior Girls' Sports Activities

In the spring a young man's fancy likely turns to thoughts of — baseball and other sports. In the same manner the high school "chick" shows a desire for sports of all kinds. Here at Morton she fulfills that urge by being given the opportunity to engage in many of them. Best of all, her sports activities are carefully supervised and she receives much valuable training in the correct methods.

The rest of the year, during the fall and winter volleyball is played a great deal. That game, along with baseball, and line-basketball, constitute the larger parts of the physical education program made out for the girls.

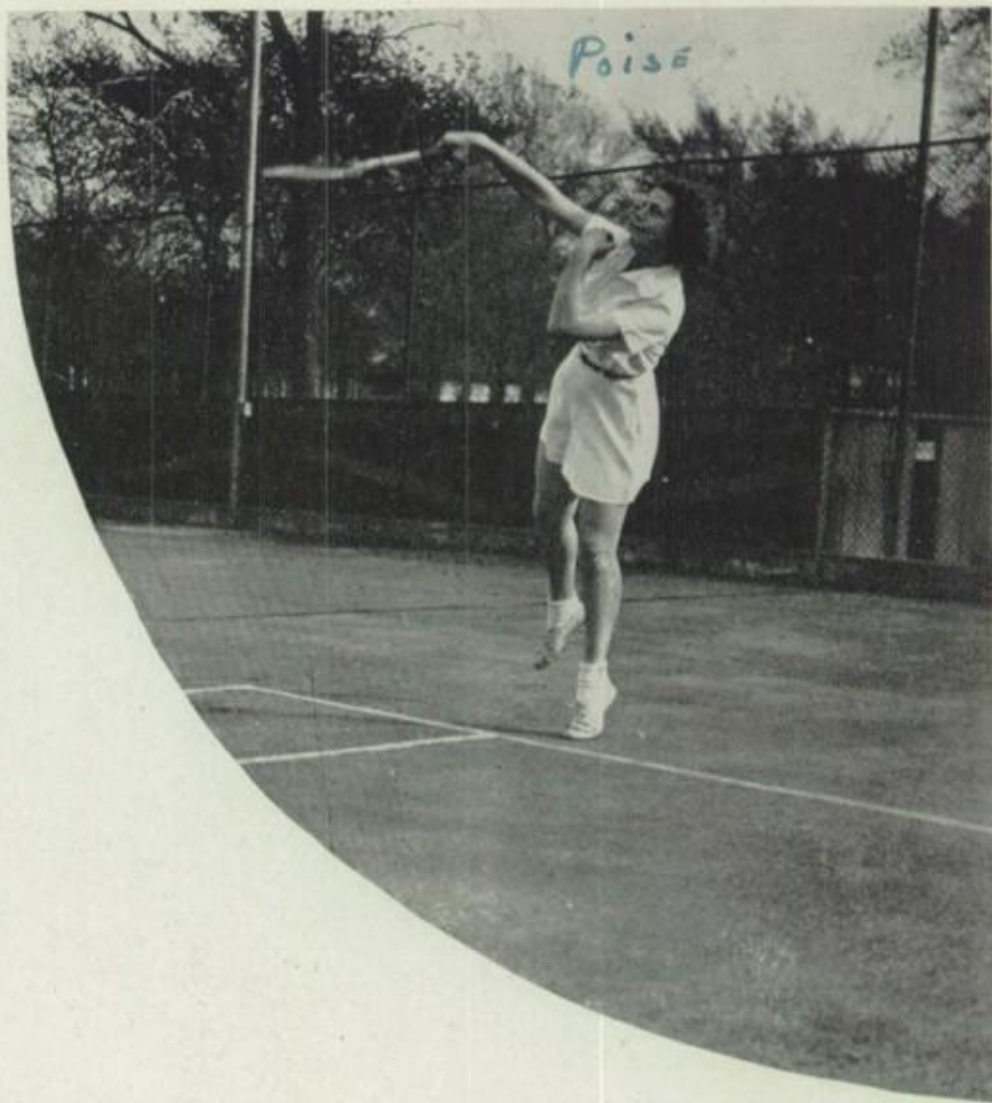

Games aren't the only things that are done during the year though. Even the Little Theater is monopolized by the Junior and Senior girls, who are usually kept pretty busy doing their lesson in Home Nursing and First Aid.

The Senior year is by some girls considered the most interesting of all.

They have a chance to perform many outside activities instead of going to gym. Bowling is a great favorite, but skating, creative dance, tumbling, and swimming are also liked a great deal.

Tennis is taught in the gym and also played outside on the courts; badminton and tennis are also played in the gym; hockey and golf are on the field; swimming in the pool; however, bowling is held in a regular bowling alley and skating is held in rinks.

The Junior year also has possibilities. If she desires to do so, any Junior Miss can take up Creative dance or Tumbling instead of the regular gym program. Several times during the year each group can be seen in many assemblies and shows. Their feats are known far and wide by many people and admired by even more.

Frosh Soph Girls' Sports Activities

Here it comes, folks. The main event of the day is going to start. They're coming together in the center of the room; the whistle is about to blow and now they step toward one another.

No, I don't mean a boxing exhibition; it's just the boys and girls getting ready to start their social dance class. Once a week instead of having a gym class, both the boys and the girls come down to the foyer in their street clothes and learn to dance.

This day is usually pretty important to the Freshmen and Sophomores, but the rest of the days in the week are even more important. Every day in the week is because so much has to be accomplished.

During the summer time or the warm months they play a lot of games outside on the athletic field. Such words as "It's a pop fly! Quick! Catch it" or "Foul ball" or "Strike three, you're out" are very familiar. Yep, that's right, baseball. Everyone plays it during the summer time,

but school time, all the girls, especially the Freshmen and Sophomores, learn the fundamentals and rules of the game. Among other things they learn the correct way to hold a bat, how to catch and throw a ball, and how to keep score.

Another game that is played on a big scale is basketball. This type game is different than the kind played by the boys. It is line-basketball. There is a definite set of rules as in boy's basketball, but they are quite different. This game is not as fast moving unless it is played in the correct manner by girls who know the game well.

The rest of the year is spread out between soccer, volleyball, and long ball. The girls also see movies in their hygiene classes.

These movies are viewed in an especially prepared movie room. You can be sure that they don't see the "Lone Ranger" or Bob Hope, but they have a nice time, nevertheless, being taught by using both their vision and their hearing powers.

ALL GIRLS

MORE GIRLS

Girl's "M" Club

Sharp! They're really in the *Know* all class, and why not? They're not just an average set of girls, not these, why they belong to the Girl's "M" Club; one of the most widely known and popular clubs in the entire school.

It is also one of the best known clubs outside the school since they render such voluntary, unpaid for, services as working in the Vaughn General, Shriner, and Hines Hospitals. They roll bandages for the Red Cross and they also help with other activities in school.

What is it? What do they do? Where do they hold their meetings? That isn't difficult to answer. G.A.A. stands for the Girls' Athletic Association. It is one of the most popular athletic organizations in the entire club system of good old J.S.M.

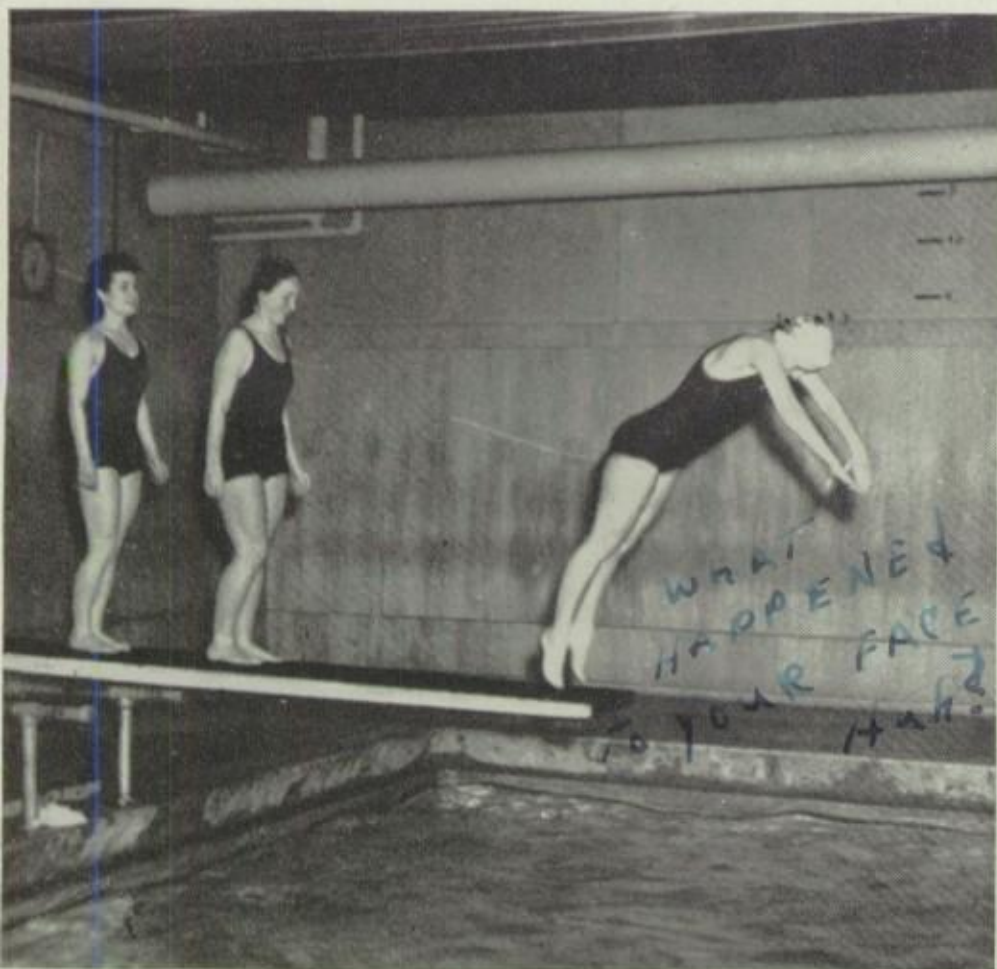

Probably the most enthusiastically heralded event during the whole year is the "play day." This is a day on which various relays, races, and matches are held for and by the girls of the G.A.A., for those in Morton as well as for those girls who belong to the G.A.A. in the other schools that were invited.

Tumbling

Well! Don't just stand there! Pick me up, and be careful, I'm too black and blue to be handled like a piece of putty.

What did you say? Who's getting killed? No one. The complaining you hear is just coming from the girl's gym. You can hear that almost every third hour, because the class in girl's tumbling is being held under the supervision of Miss Rigoli at that time.

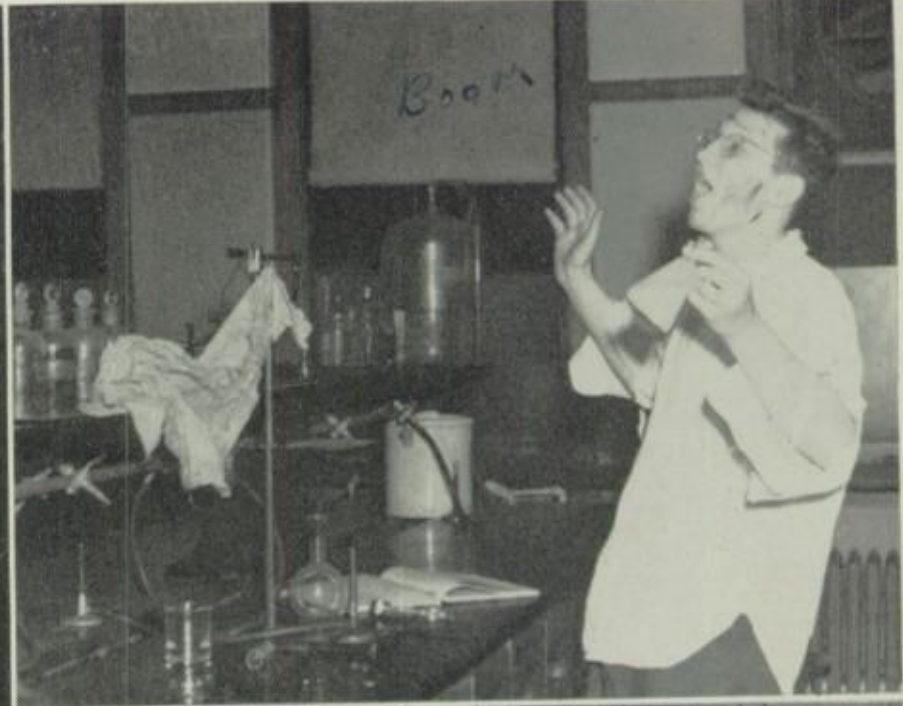

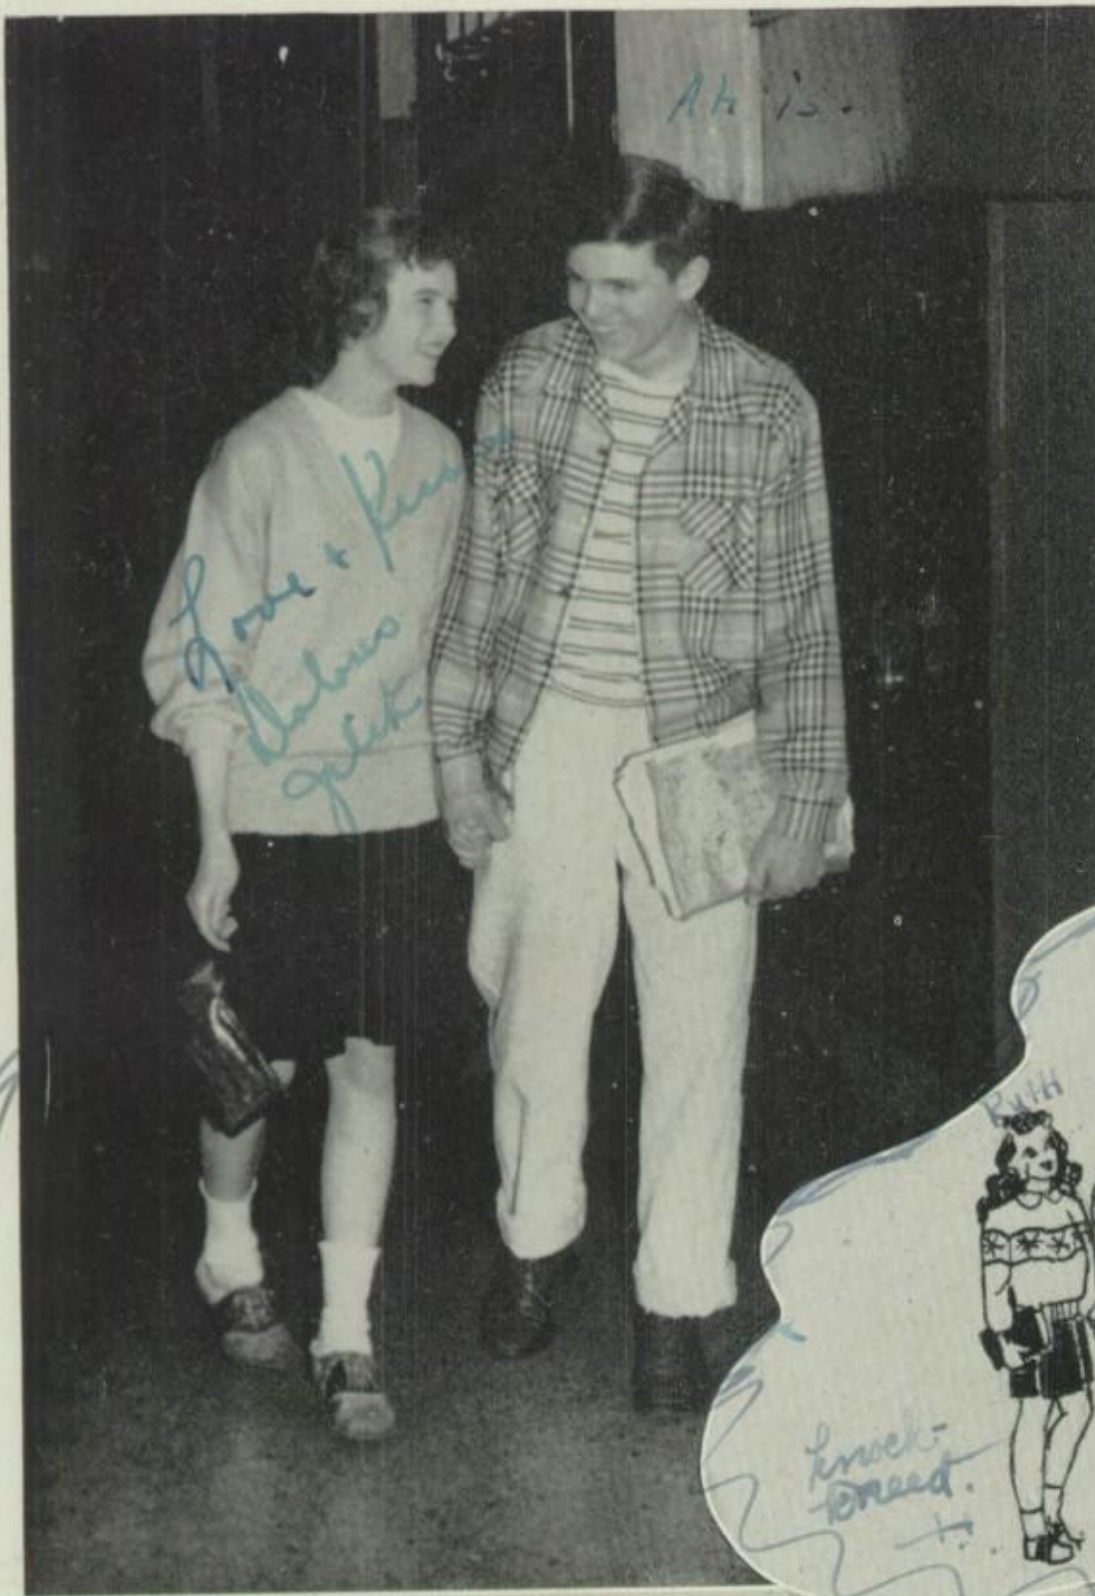

Dear Ruth;
 Flowers may wither
 Others may die
 you, but never, will I.
 The very best of luck
 to a girl who deserves
 it. Love stuff,
 Marie Sepa

Life Guards

After you have had swimming for a few weeks, you soon become accustomed to seeing the comely Life Guards at work.

Before she can even qualify for the position of guard, she must be an expert swimmer, and she must be able to take a difficult "deep water" test. If she passes this she goes on through a vigorous training course, which, when it is completed successfully, produces a capable group of guards.

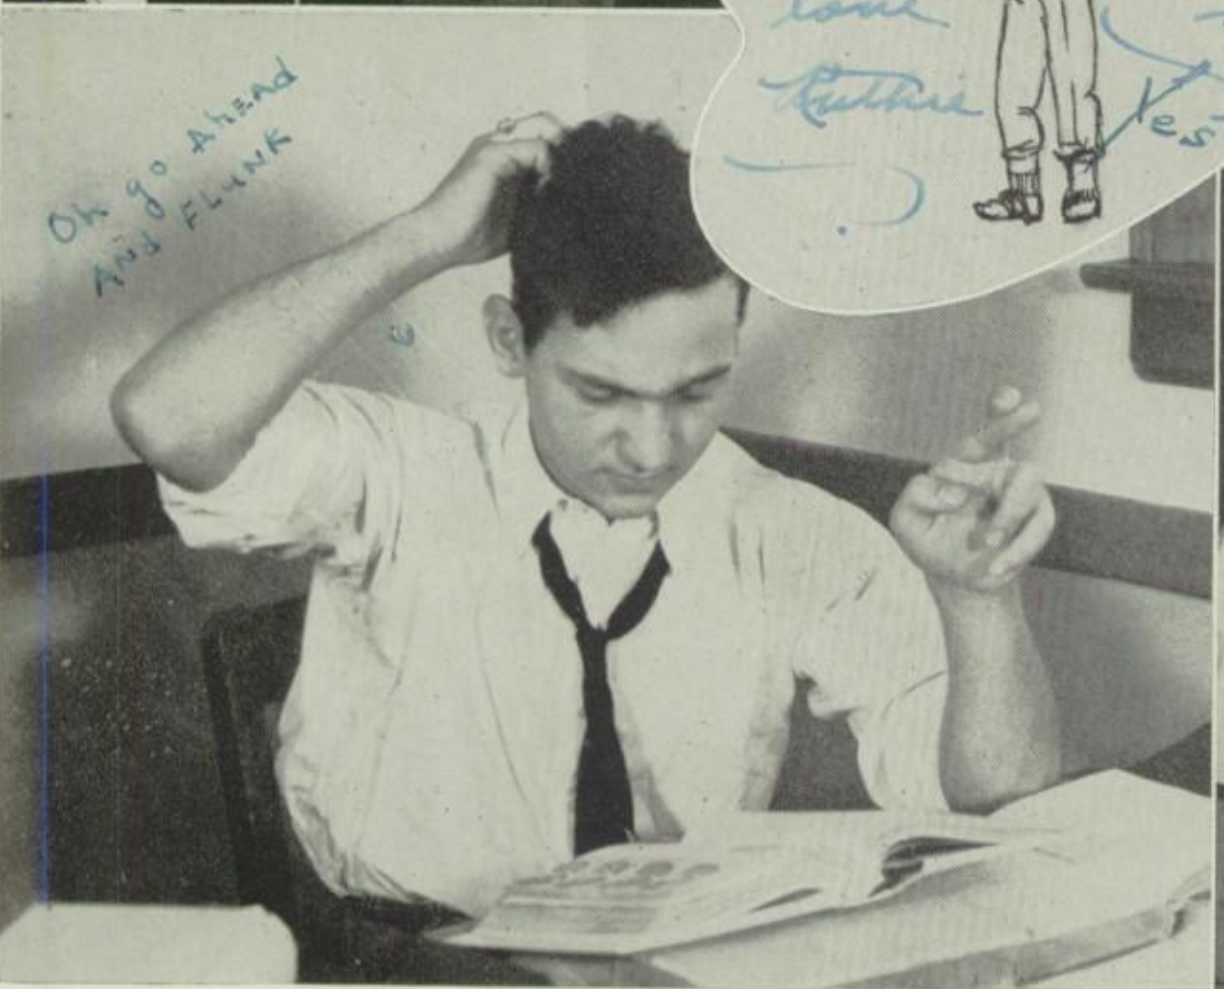

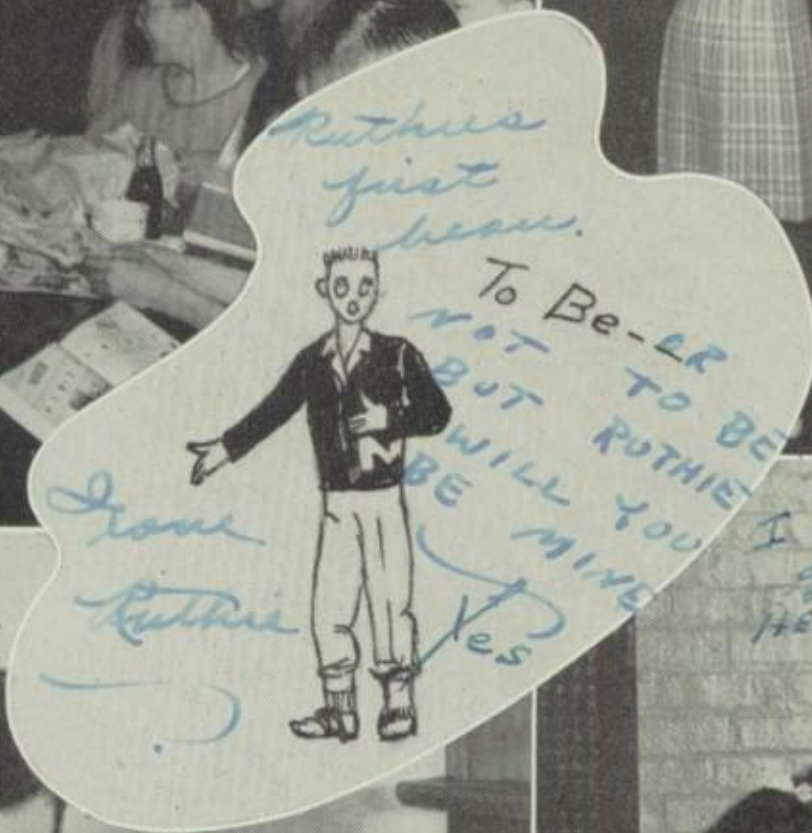

Is you is or is you ain't "my baby"?
There must be an easier way

(Reserved)

Dear Ruthie,
Golly, how am I ever gonna fill
this whole page. I just ~~want~~ want to
say that's been swell knowing you for these
past two years. I hope that next year
I will have you in some more class.
Honestly Ruthie I'm very glad that
we met and I hope you feel the same. I
think I'll always remember you as the
girl who was always so eager to be
doing silly things with me. We did have
fun though didn't we? Are you ever
going to forget the fun we had with
Shirley this year.

I hope we have at least one
class together next year. I'd like that
class to be gym but I guess that's
sorta impossible since we have gym at
different hours.

My hand is beginning to hurt but
I want to fill this page so I'll try to
go on and on and on. Don't mind
my writing cause it really looks horrid.

Well, Ruth, what can I say but
that I wish you the best of luck and
in fact the best of everything you deserve
and you deserve a lot.

Golly, I'm writing worse and worse
all the time. Right now you're writing
something in my book and so help me if
it's bad I'll kill you. Which goes to prove the
song title "you always hurt the one you love."

P.S. Please inform Love, Luck, & Happiness
me of your wedding.

From
Arlene

Dear Ruth
Best Luck & wishes.
It's been nice
knowing you and
having you in my
8th. class.
Loads of Luck
(you deserve it.)
